Says Farmers Need Milk Price Increase To Stay In Business

Vancouver Island milk producers must have immediate substantial action on the milk price question to be able to continue in business, E. C. Carr, B.C.'s one-man milk board was told at a hearing in the Knights of Pythias Hall here this morning.

The producers' case was presented to Mr. Carr by Arthur Pressey, president of the Vancouver Island Dairymen's Association, who said that in their request for an increase in their settling rate, the farmers are not necessarily recommending an increase to the consumer. That, said Mr. Pressey, the farmers claim is a matter for the government to decide.

The Vancouver Island milk producers' case was based on production costs, coupled with the Public Utilities Act, under which milk in B.C. is controlled, he continued.

"The act lays down that prices should be fixed so as to protect the public and, at the same time, give the utility a fair and just profit."

COSTS ARE NOT MET

"The dairymen claim their costs are not met, and profits, therefore, do not exist. As a direct result, there is insufficient milk produced on the island to meet demand. At present 50 per cent comes from the mainland and has to be double-pasteurized to protect the health of the public," Vancouver Island milk, Mr. Pressey claimed, is required to mix with the mainland milk to make it palatable.

He contended that a dry growing season, together with high labor costs are responsible for the high cost of milk production on the island. In addition to these fundamental factors, he continued, the rise in the price of feed and every other commodity has added to the farmers' burden. "The result is that a continuous number of farmers are selling their cattle and going into some other line of farming."

To substantiate the farmers' claim, Mr. Pressey said, costs have been worked around a herd of 36 cows averaging 7,600 pounds of milk annually.

Such a herd would produce approximately \$15,500 worth of milk at the price asked for. The sum would pay the farmer's costs, give him a 5 per cent return on investment and \$97 a month management fee. On top of this, he would get a business profit of about \$300 a year.

To make any appreciable profit, he argued, that the farmer must receive \$5.23 for 100 pounds of milk testing 4.2 per cent with a 6½-cent differential for butterfat. At present, the settling rate to the farmer is \$4.10 with a 6½-cent increase for every 1/10 of a pound butterfat.

"COST PLUS 10 PER CENT" "The farmers consider their request a reasonable one," Mr.

Pressey continued. "They are not asking for any luxuries such as holidays on pay, or a 40-hour week, but merely that they receive sufficient for their product to pay costs plus 10 per cent for management fee, business profit and risk."

For labor, the farmers are asking for a settling rate of 75 cents an hour for a 52-hour week. In computing this rate, he said, perquisites have been taken into account, so that farm labor is computed at \$120 a month in addition to a cottage, vegetables, milk, fuel, etc.

Other factors which Mr. Pressey said came into costs are free, transport, buildings, cows, the herd sire, equipment and miscellaneous operating charges. The value of the by-products—calves and manure—had been deducted before the final figure was arrived at, he added.

Weather

Weather today and tomorrow, valid until midnight March 9:

A weak disturbance off the Washington coast will give cloudy skies throughout southern B.C. this morning with clearing in the coastal section this afternoon. Cold air has pushed southward over the northern interior and clear weather will be general today.

Vancouver and vicinity lower Fraser Valley, Georgia Strait, Victoria and vicinity—Cloudy this morning, clearing this afternoon. Clear tonight. Tuesday increasing cloudiness becoming overcast in the afternoon with rain in the evening. Winds light. Little change in temperature.

West Coast Vancouver Island—Cloudy this morning, clearing this afternoon. Clear tonight. Tuesday overcast with rain beginning in the afternoon. Winds light increasing to southeast 20 Tuesday afternoon. Little change in temperature.

Over Half a Century of Service
in British Columbia.De Valera Arrives
In U.S.; Will Tour
Several Big Cities

NEW YORK (AP)—American-born Eamon de Valera arrived by plane today for his first visit to the United States in 18 years in plenty of time to take part in St. Patrick's Day celebrations. The former Eire Prime Minister plans a tour of several large U.S. cities about April 6.

De Valera, who flew in from the Shannon airport where 3,000 well-wishers had seen him off, was met before dawn by an official party at LaGuardia Field.

He said he believes Eire "will co-operate with other countries as far as possible with its present national situation."

Answering a reporter's question, he said "everybody knows" the Irish people's opposition to Communism.

De Valera, who was replaced as Prime Minister by John Costello after last month's elections, said "I have a job on my hands to beat the opposition."

Told there had been a report he had been offered the post of superintendent of a large school system in New England, De Valera said "I have heard nothing about it. But I am not open to engagements."

Woman Hurt When Car Turns Over In Ditch

Agnes A. Robinson, 1703 Kings Road, suffered an injured right shoulder and other hurts Sunday evening when this car she was driving west on Hillside Avenue collided with the guard rail at the Shakespeare Street intersection and turned over in the four-foot ditch. She was taken to Jubilee Hospital by city police. About 40 feet of the guard rail was torn down.

Quebec Plans To
Receive Settlers
From France

OTTAWA (CP)—A Labor Department official said today the department had accepted a proposal to bring French immigrants to Canada and added that the details now were being worked out. Commenting on a Quebec news story which said 5,000 French immigrants would come here within the next few months, the official said no definite number had been set or could be set until a survey showed how many were wanted.

He said the plan would be carried out by the federal government and, "if everything goes well," there was no reason why the movement should not be under way within the next few months. Chief obstacle was the lack of shipping. There would be no air migration as in the case of the immigrants brought in by the Ontario government.

The official said the proposal had emerged from the government's interdepartmental committee on immigration. The Quebec government had been consulted and had agreed. The majority of the new-

Finn Cabinet Decides To Negotiate
With Russia; Karelians Begin To Flee

HELSINKI (AP)—Finland's cabinet decided today to begin negotiations with Soviet Russia, a member of the government reported.

Finland is suggesting the talks be held in Moscow. No decision was announced on the makeup of the delegation that will go to the Russian capital to carry on negotiations for the treaty of co-operation sought by Prime Minister Stalin.

MILITARY DISCUSSION

The cabinet member who made available this information said he could not disclose whether Finland is advising Stalin she is ready to negotiate toward a military pact as well as a friendship agreement.

This reserve likely was due to the desire not to reveal the contents of President Juho Paasikivi's letter to Stalin before the Russian leader receives it. The cabinet met with Paasikivi for 90 minutes today.

Stalin's proposal for a mutual assistance pact like those Russia now has with Hungary and Romania has caused much concern. Most Finns oppose any

comers would probably be settled in Quebec. The others would go with French-speaking employers elsewhere.

The department would canvass to see where they could be placed. The official mentioned farm work as the chief industry for their absorption.

MAY TOTAL 5,000

QUEBEC (CP)—The Quebec government, the Canadian Press learned today, is prepared to accommodate immigrants from France who come to this province.

But, in making this known, a source close to the Quebec government said that as yet there had been no plan formulated which would look to bringing immigrants to Canada.

The comment was made in connection with a news page story in Le Soleil, Quebec daily, which said it had been learned 5,000 immigrants from Normandy, where Canadian troops went ashore in the invasion of Europe, would come to Canada under a scheme sought by the government.

A government source discounted the story in Le Soleil and said: "The government is prepared to accommodate immigrants who come to the province, but is not embarking on an immigration scheme of its own."

However, Le Soleil said its information had come from a reliable source.

Tourists Can Get
Coverage For Cars

The superintendent of motor vehicles has made arrangements with a number of insurance companies not licensed to do business in British Columbia to nevertheless issue motor vehicle liability cards giving protection under B.C.'s highway respon-

Possible choice as head of Finland's delegation to talk with the Russian government is said to be Premier Mauno Pekkala.

far-reaching military alliance with the U.S.S.R.

The President alone must

sibility plan to these travelers in B.C.

Bulk of the tourists to B.C., however, will probably not bother to get special coverage for trips here, but they will face seizure of their cars should they become involved in an accident, unless the second party absolves them of all blame or they are able to post money or bonds to the value of possible damage done.

Further Probe
Of Highway Route

Further investigations of the two Island Highway routes through Duncan are being made by public works department engineers, Works Minister E. C. Carson reported today and selection of the route would await the report of the engineers.

Mr. Carson said that the matters being investigated were brought up at a hearing he held in Duncan recently at which representations were made by Duncan civic, North Cowichan municipal and school board officials. At the same time the engineers are looking into another matter which may help to relieve traffic in the area.

A decision on the route is expected to be made shortly so that the project, the largest slated by the public works department for Vancouver Island during the forthcoming construction season, may be undertaken.

Engineers for the investigation were drawn from the survey for a new Island Highway outlet from Victoria.

SEATTLE (AP)—The Board of King County commissioners announced today it will charter ferries of the Puget Sound Navigation Company and restore ferry service on the main routes.

Famed Jockey Among
3 Missing In Boat;
Gregory Peck Safe

MIAMI, Fla. (AP)—Planes and surface craft went out again today to search for three men missing since Friday in a 16-foot boat.

While hopes for their safety dwindled hourly, the U.S. Coast Guard intensified its search for jockey Albert Snider of Miami, Donald Fraser, business man from Toronto, and C. H. (Tab) Trotter, Miami horse-trainer.

A two-day search of the vast area at the southeastern corner of the Florida mainland brought no results.

The three men were last seen at 5 p.m. Friday while fishing from a tender off the yacht Evelyn K near Craig, Fla. At that time a sudden storm came up, with the wind reaching 48 miles an hour.

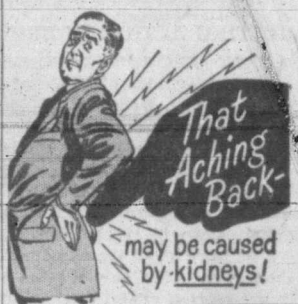

Snider, about 32, was born in Canada, but recently bought a home in suburban Miami Springs. He is married and has one child. The popular jockey won the Flamingo Stakes aboard Faultless in 1947 and on Citation last month.

Calumet Farm had first call on his services, a post recently given up by jockey Doug Dodson.

Meanwhile the cruiser Tonga with movie star Gregory Peck, mystery story writer Leslie Charteris and their wives aboard was found in a safe anchorage near Craig, in the Florida Keys, after riding out a storm.

GETTING ACTION IN BRUSSELS

APART FROM THE COMMENDABLE dispatch with which delegates from the five western powers are disposing of their highly-important business in Brussels, their rapidly-maturing plans for a western union of Great Britain, France, Belgium, The Netherlands, and Luxembourg—a 50-year treaty is mentioned—should influence those Congressmen in Washington who are still a little leery about the wisdom of the "Marshall Plan." Not only are the proceedings in the Belgian capital demonstrating to the rest of the world that the statesmen and peoples of the five nations concerned have discovered common ground for common action in so short a time; their deliberations reveal a striking contrast to those long-drawn-out and abortive negotiations between the anti-Hitler powers after the Nazi absorption of Czechoslovakia nine years ago this month.

Although the proposed agreement between the five western powers may not be revealed to the general public in detail until the end of the present week, the broad hints as to the nature of its basic provisions which already are common property probably have impressed all the imaginative elements in those European countries that are no more enamoured with Communism than they were with the philosophy of the late and unlamented Adolf Hitler. Italians who have not forgotten their history, the long fight against despotism nearly 80 years ago and the Fascist tyranny of more recent times, surely will arouse themselves and stave off with might and main the encroachments of Stalinism. What hope is there for them in the exchange of a Mussolini for a Togliatti? And in the event of a working union between the five architects of the plan now under consideration in Brussels, is it likely that Sweden and Norway will remain as mere spectators? One would not think so.

As well as impressing the lawmakers and people of the United States, the speeding up of the deliberations in the Belgian capital should not be lost on those states in Latin America which, while not practising democracy as we understand it, are certainly in no mood to allow Communistic doctrines to undermine their concepts of liberty of thought and action. And the fact that French opinion is beginning to mellow with respect to the future role of Germany in the battle against the Russian ideological and geographical advance is another encouraging sign. All of which, or so it would appear, is bound to assist Senator Vandenberg in his demand that the "Marshall Plan" be translated into practical operation with the minimum of delay—election year and its political impediments notwithstanding.

NEW LANDS, NEW JOBS

RESOURCES MINISTER JAMES GLEN'S announcement last week-end that immigration to Canada from Britain and Europe will be nearly doubled during the coming year should meet with the approval of all citizens of this Dominion. About 100,000 new residents, at least half of whom will be from Britain or other parts of the Commonwealth, will arrive to begin their lives in this country. They will find a large measure of encouragement in the success of the thousands who have preceded them.

Less and less is being heard of the spurious argument that no immigrants should be let into Canada until every Canadian has a job. True, in a time of depression it would be unwise to encourage an immediate influx of new job-seekers. But under conditions such as now exist, every man and woman who arrives here from overseas and is put to work helps create employment for Canadians already here and for those prospective citizens who seek rehabilitation. The complaint against immigration would only merit consideration in an old and worn out country, where complete exploitation of the natural resources and decline of the people's initiative had resulted in a stalemate—no new frontiers, no new enterprises, no new jobs. To put Canada in such a category is to insult a land which still offers boundless opportunities for the willing man and woman. There is room for this year's 100,000, and more.

CONVEYOR CAFE

MR. T. M. LEWIS, A MINING AND production engineer of Britain who worked in a Manchester armaments factory during the Second World War, has created what appears to be a practical "conveyor cafeteria," which promises to overcome the time waste resulting from delays in service at the average lunch counter. The scheme he has evolved, according to Egon Larsen, a British journalist, is an improvement on the circulating buffet which once revolved with its dishes past diners seated at a single table. The new device moves the diner, in his special seat, past a cafeteria-style counter and allows him time to progress from soup to mits as his chair, one of a number on a long conveyor belt which also

carries the counter, passes an array of food from which he may make his choice. Traveling time for the diner is 20 minutes, although the progress can be accelerated or slowed down as the occasion demands.

The "conveyor cafeteria" will soon be in production, and orders for units have been received from New York, Chicago, Toronto and Australia. Those who have seen working models are impressed by the efficiency of the system. It will not be expected to add to the graciousness of leisurely dining. But it will be an asset to those who have to take a hasty lunch in a limited time. It is another of those developments which ingenious Britons are offering to the postwar world.

Now, if some one can invent a spiraling cafeteria which permits the customer to keep up with prices, another great achievement will have been recorded.

MERELY A HOPE

THE WORLD WILL LOOK WITH MORE hope than confidence on the current report that the United States will make one last effort to effect conciliation between Arabs and Jews in Palestine—despite the fact that United Nations spokesmen have voiced the opinion that consultations involved are outside the peace body's jurisdiction. Animosities built up by extremists in the Holy Land during recent months scarcely augur well for an amicable settlement.

There are, however, two strong arguments which the United States could bring to bear upon the conflicting parties. Without her financial help, the possibilities of Palestine Hebrews arming themselves adequately to meet the threat of Arab attack would appear questionable. And without United States oil payments, the income of the Arab leaders might be seriously curtailed. Each of these points, of course, must be qualified. Unauthorized shipment of arms to Jews in the area of conflict has been revealed on the Atlantic seaboard, and there is no indication as to when these shipments—either through sentiment or for profit—will be held in check by public opinion in the United States. Similarly, any restrictions placed upon oil piped from Arab lands would be a double-edged weapon, reducing American supplies while it was cutting Arab income.

These points, however, still retain some value for bargaining purposes. American dollars are potent weapons, despite the fanaticism of extremists whose irrational conduct has made amicable settlement extremely difficult.

FAMILIAR PATTERN

THE LATEST REPORTS FROM CZECHOSLOVAKIA will be no surprise to those who have watched the pattern of totalitarian procedure as worked out by Hitler and Stalin during the past 15 years. The manufactured crisis, the coup "to save the country," the seizure of control of the police and military, and finally, the establishment of prisons and detention camps to hold those who opposed, or are suspected of opposing the new regime—the system does not vary. Czech citizens who have fled secretly across their closed border to the haven of the American zone of Germany tell of purges which are being carried out in the army, political parties, cultural bodies and industry, and of concentration camps which are being set up for the victims. Self-appointed leaders cannot afford the luxury of an opposition.

WHAT IS THE MAGNET?

AT A TIME WHEN CANADA IS WORRIED over the exodus of her trained scientists to more lucrative positions in the United States, it is interesting to learn that Australia is drawing senior research workers from our neighbors on the south to work in the antipodean Division of Industrial Development.

According to an item in Australian News, many Americans have applied for work for which advertisements have been placed in United States papers. Approximately 50 applications a day are reaching the Australian Scientific Liaison Officer in Washington, the report states, adding that many of the applicants now occupy high positions in their own country.

The Australian prescription is one which might be studied to advantage in this senior overseas Dominion.

AMBITIOUS PLAN

UNIL SOME MORE DEFINITE FINANCIAL arrangements are announced, the possibility of Sir Malcolm Campbell coming to British Columbia in July to seek a new world water speed record on Okanagan Lake will remain in the realm of conjecture. The enterprise shown by Kelowna interests in seeking the appearance of the renowned Briton and his famous Bluebird II as a major tourist attraction for 1948, however, deserves high praise from the citizens of the entire province.

The ambitious nature of the proposal is in keeping with the spirit of the energetic centre which has extended the invitation. Facilities for a test by the present record holder are reported ideal. And if the success of the project depends solely on the community initiative of the interior town, the trials will no doubt be run. Kelowna has shown unusual ability in tackling big jobs and accomplishing objectives.

"Chaotic conditions may drive millions of cars from the highways."—Headline. Is that bad?

Harnessing The Tides

By RENE SUDRE From Paris

IN ALL MOUNTAINOUS countries they use "white coal," the power produced by waterfalls. Less frequently used is "green coal," the power of rivers, harnessed by means of dams in suitable places. But France seems to be the first country to attempt the use of "blue coal," the power produced by the tides. The moon and sun, attracting the water of the seas twice a day, shift enormous masses all along the coasts and these masses can be made to work as they flow. Once the necessary installations have been built, the power they provide will be free indefinitely.

BUT THE ANNUAL revenue must be sufficient to justify the capital invested—always a considerable sum. Geographical conditions make France's situation unusual in this respect. The deep cuts in her coastline lend themselves to the construction of huge reservoirs to store the sea water when the tide runs out. What is still more important is the height to which tide rises in some places. Along the coast of Brittany on the Channel it is higher than anywhere else in Europe. This is due to the formation of "stationary" waves of tides between the English and French coasts. Whereas, in the Gulf of Mexico, the average rise in the tide is not more than three feet, it is almost 26 feet at Granville. When the sea is rough the average is 36 feet and the maximum is 50 feet at Mont St. Michel.

IT IS EASILY seen how these exceptionally favorable conditions have captured the imaginations of French engineers. As early as the 18th century when there was nothing but the old paddle-wheel to employ hydraulic power, Belidor built a dam at the mouth of the Rance. Although the invention of the hydraulic turbine by Fourneyron and Fontaine goes back to 1827 it was almost a century before it was applied to harnessing the tides, Aber Vrach, mouth of the River Douris, north of Brest, was chosen for the first French experiment in 1923. The chief difficulty was the irregularity of production periods and the problem of adapting the irregular production to regular consumption.

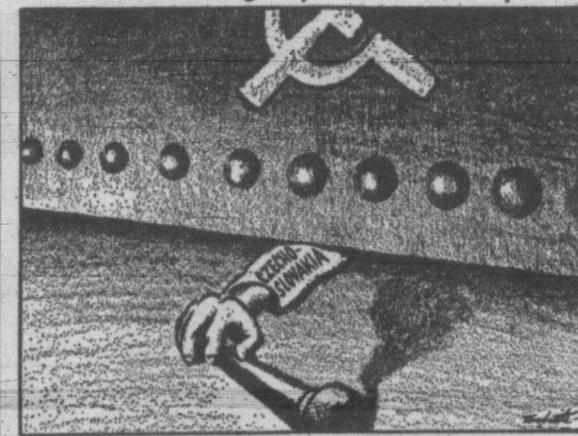

THE PROBLEM caught the imagination of French technicians and has been solved very satisfactorily. The DeFour method uses two tide basins of the same level. The main basin fills and empties at certain intervals of the flux and reflux and turns the turbines. In the intervals when it is not working, the auxiliary basin works, its level dropping a little to refill at high tide without working. "The intervals are combined so as to follow the power consumption curve. The DeFour method employs two basins of different levels. The system devised by Entraygues and Vacquier is a more practical solution with a better answer for the stoppage of power when the sea is quiet. But it requires four basins and this increases the costs of initial installation.

THE DISCORDANCE between production and consumption, however, is not a major obstacle to the construction of tide-power stations. If one does not want to use the alternating basins together they can be placed some distance apart, taking advantage of the fact that the tide times are not the same in two different places. For example, Saint Malo is two hours behind Brest, which would make it possible for two stations working together to provide current whatever the state of the sea. Along a coast as suitable as that of Brittany one can even build a number of stations combined in such a way as to provide the needs of a regional system. And finally, at Aber Vrach they have provided for the accumulation of power to cover the requirement of the "peak" hours. The extra power generated during slack hours is used to compress air which then gives back the power by means of reversible machines.

FOR TWENTY YEARS France has been making a considerable effort to increase her production of hydraulic power. While continuing to harness the rivers, French electrical engineers are now turning to the possibilities of Brittany's "blue coal." They expect it to produce as many kilowatt hours as the white and green coal combined! In addition to the projects at Aber Vrach, Rotherneuf and the Rance, they are studying an ambitious project for the bay of Mont St. Michel. A dam would have to be built at the entrance to the bay between Cancale point and Granville point, or a distance of 14 miles. It would be 115 feet high, 65 of them under the sea, and 160 feet thick. Experts have already calculated the type of steel and concrete structure that will be necessary to resist the assault of the waves and the pressure of the water retained in the immense reservoir.

SOME ENGINEERS would build the dam in two parts connecting at the Chausey Islands. This would make a longer dam, 22 miles in all, but its solidity would be greater and the mass of water enclosed would be increased by more than a quarter. This latter project appears to be more favored. Geological studies will soon be started to determine exactly the rock formation underlying the bay and to estimate the volume of the proposed reservoir. The promoters of this bold project envision a super-central made up of 150 groups of 20,000 kilowatts each, or a total power of 3,000,000 kilowatts, capable of producing annually nearly 13,000,000,000 kilowatt hours. If their dream succeeds, France would no longer have to import coal and might even be able to export electric power.

Global Survey

By DEWITT MACKENZIE
Associated Press News Analyst

IT'S SHOCKING, but not surprising, to hear from Frau Gertrud Scholz-Klink Heilmeyer, Fuehrer of German women in the Hitler era, that she is "still a Nazi—as much as ever."

Frau Heilmeyer and her husband, Maj.-Gen. August Heilmeyer, one-time officer in Hitler's hand-picked elite guard, were arrested in Wuernttemberg recently and now are being held by the French to determine what, if any, charges shall be brought against them.

The female Fuehrer clenched her fist as she proclaimed to members of the press: "Hitler still lives for me and my husband!"

SHOCKING
Of course that's what one would expect from a hard-boiled Nazi chieftainess. Still, as remarked, it's shocking thus to be brought face to face with a harsh reminder that while Hitler is dead, his totalitarian creed lives on.

One of the most difficult of the Allied problems—and one of the most vital—is how to democratize Germany and make it a peaceful nation. Frau Heilmeyer's attitude is that of an unnumbered host of her countrymen. Most of them are more discreet—or perhaps one should say secretive—than she with their language in public, but they harbor in their hearts what she is bold enough to say.

THOROUGHLY NAZIFIED
Nobody knows how many Germans still carry a picture of Hitler in their hearts. The only figure I have heard was given me by the military authorities in the British zone of occupation. They said that the toughest group to democratize was that between the ages of 14 to 35, which Hitler had thoroughly Nazified.

That places a terrific handicap on the Allies, for within this group are the parents of a new generation. Their children are being taught democracy in the schools, and go home to have it argued out of their young minds by Nazi fathers and mothers whose influence in most cases outweighs that of strangers.

So the ideological delousing of Germany is going to take many long years, during which Allied troops will have to be maintained in the country—unless the Allies are prepared to gamble with world peace.

One View On U.N.'s Kashmir Stand

India Information Service

MR. KINGSLEY MARTIN, editor of the leading English weekly New Statesman and Nation, writing from Jammu on the Kashmir problem, said:

"India deserved to have its appeal honestly considered and not side-tracked. But the Security Council's refusal to face the straight issue put to it has convinced almost everyone in India that the case has not been considered on its merits but subordinated to the uses-of-power politics. In particular it is said that one of the underlying factors has been Anglo-American concern about bases in Pakistan. The result is a very rapid change of Indian feeling towards Britain. A few weeks ago it was confidently expected that India would decide to remain part of the Commonwealth. This, I believe, is still undecided but certainly no one should be surprised if India now prefers a completely separate status.

"A short visit to Kashmir has given me the opportunity of judging India's case at first hand. The basic fact is that Britain defended the Northwest Frontier of India not only with several brigades of troops but more effectively by the subsidy of several million pounds a year to tribesmen. Pakistan has not paid any subsidy and has endeavored to kill two birds at one stroke by permitting tribesmen to loot Kashmir. There is no possible doubt that if India had not intervened last October, Srinagar and the lovely vale of

Kashmir would now be a devastated and blackened ruin. Nor can there be any question that encouragement and aid have been given to tribesmen in Pakistan."

Mr. Martin explains in the following paragraph how he came to this conclusion after questioning Pathan prisoners and seeing the up-to-date weapons, uniforms and army paybooks captured by the Indian Army. He says:

"Evidence of this kind can be multiplied indefinitely; and having sat in the operation room at Jammu headquarters, I can also testify that the Indian Command takes the utmost care in using its aircraft against raiding parties—until it is completely assured that they are hostile groups and well within the Kashmir frontier. The devastation caused by these raiders can be seen any day as one proceeds by jeep on the rough and precarious road which is the only link between India and Kashmir.

"In this short cable I am concerned only to summarize the legal and moral case as India sees it because I know that failure by the British delegates at the U.N.O., and by a large part of the British press to appreciate it, is doing great damage towards Anglo-Indian relations. I believe India might have been ready to make concessions on the question of substituting an outside force for the Indian Army in Jammu and the vale of Kashmir if the honesty and strength of their case against Pakistan had been recognized at Lake Success."

'We Await The Sentence'

By R. J. DEACHMAN

A YEAR ago a friend of mine received a letter from a woman in France. He had met her in the first war. She had adopted a little girl called Pepe and asked nothing for herself but for the little girl. Here are the things she wanted: Two ordinary exercise books, two writing pencils (ordinary), one yard of elastic (white), one reel of white cotton, a few sewing needles, one tin of jam or marmalade, a few sweets, and soap.

Now all these small wants and more have been supplied by my friend and his friends. This is not a request for help. Another letter came at the first of the year just when France was in the midst of a struggle with the Communists. Read it and be grateful that you live in Canada and not in Europe where war has made a hell of life, and only the strong still hold to hope.

The letter follows: "My dear friend: Your welcome parcel of soap was delivered to me on Nov. 29. It took less time to reach me than for a letter to come from Paris (about 250 miles). I have used some of the soap and the linen I washed regained its nice primitive color. Thanks, too, for the magazines, so appreciated on the long winter evenings.

Since you wrote last things have got worse in France. I did not think the Communists would have the power legally but they thought they were quite able to take it by force. Well, the last elections were a defeat for that party but they will not admit

it. Thorez brought back from Moscow the orders for riots and sabotage and perhaps revolution.

"Even the workers don't seem to follow the orders and, in spite of the harangues of the leaders, the general strike seems to be a failure. Some Communists—those who are sincere and not paid by the party—understand that strikes, at the present time, are leading their countrymen to ruin, hunger and death. Of course we have Red Spaniards and all sorts of gangsters from Central Europe whose profession is robbery and murder and this lot is far more dangerous than our French Communists who, on the whole, shun bloodshed.

"We live most thrilling days when the future of our country is at stake and many people fear they will be penniless, breadless and perhaps headless!

"You'll say this is not a very cheerful letter but please don't imagine that we are really downhearted, although the tax collector is our nightmare. If civil war is avoided and the children don't suffer too much from lack of food, we are quite prepared to give up what is left for the general welfare. We seem to have reached the crucial point, we await the sentence—the sooner the better.

"I am reading a most interesting book by Louis Rougier in which he expresses the opinion that the tolerant mind, the liberal spirit is, in the long run, the only hope of this poor world." Sincerely, Andre.

CLIPPED at RANDOM

STRANGE EVENTS

Winnipeg Free Press
Things have come to a pretty pass in Alberta when to believe in the Social Credit theory affords good and sufficient reason for being fired out of the Social Credit government and the provincial civil service.

STILL TRYING

Ottawa Citizen
The United Kingdom government has flatly refused to consider Franco Spain's participation in the European recovery plan. But Franco Spain is sending a financial mission to New York to obtain large investments of private capital there.

SECOND-HAND KNOWLEDGE

London (Ont.) Free Press
Economic pressure decides all things eventually, the fate of nations and the destiny of peoples. So that we can hardly expect to save the horse. Those who are breeding heavy horses for meat plants in the west are presumably making money at it. Soon the only place where old children will be able to encounter a heavy horse will be in a zoological garden or a restaurant.

RISE AND FALL

Australian News Letter
When the new Liberal Premier of Victoria (Mr. Hollway) took over from his Labor predecessor, Mr. John Cain, Mr. Cain waved his hand at the Premier's chair and glass-topped table and said: "It's all yours."

But Mr. Hollway, with a nice sense of delicacy, waited until Mr. Cain had left the room before he seated himself. When he did he fell flat on his back. The chair, used by all premiers since 1905, had given up the ghost at last.

MEETING REQUIREMENTS

Montreal Star
The importance of maintenance of good fishing and hunting conditions rests not only on the value of recreation for our own people but on the attraction the same conditions hold for tourists from the United States, where opportunities for enjoying these sports in other than artificial form has largely vanished. We recognize the necessity of cultivating the tourist traffic; the tourist in search of sport is a freest spender, and the easiest to turn into a regular visitor if we meet his requirements.

JUST THINK

Toronto Globe and Mail
Now Russian music must toe the party line—a thoroughly depressing thought. Even worse consider what a Soviet "soap opera" would be like. Imagine listening to an afternoon of "Vlacheslev's Other Wife," "Stella from Stalingrad," or "Nowhere Else Can Life Be Beautiful." Those here who think they might be spared the commercials under such an arrangement should cast away such thoughts. A philosophy which would make Mr. Shostakovich tailor his tunes would not think twice about pumping party suds through the nation's loudspeakers.

News of the Island

Robertson Valley Reforestation Project Underway; Million Trees

MESACHIE LAKE—Reforestation of the Robertson River Valley, along with similar projects in other districts, held up for nearly a month because of deep snow and bad weather, is now under way.

Seventy men are stationed at the Cowichan Lake Forest Experiment Station site, 1½ miles from Mesachie. Each morning they are taken to their various sites and although there is still quite a lot of snow in the area, work is progressing. These areas clear of snow are planted and later, as the weather improves conditions, all other sections will be covered by the crew. More men are arriving daily to swell the total to close to 100 for this section alone.

One million trees are to be planted in the Robertson River Valley this year. Already reforested to the extent of 4,000 acres with 3,000,000 trees in part of this valley.

The usual planting crew of 15 will plant a lot of 100,000 trees every 50 days during the planting season.

Young People's Club Concert At Luxton

LUXTON—Luxton Young People's Variety Club, which was promoted by Constable W. P. Hobbs, R.C.M.P., assisted by Constable Micky Oleinick, presented a concert in Luxton Hall, which was attended by patients from the Veterans' Hospital.

Lt.-Col. W. H. Parker opened the concert and spoke highly of the work Constable Hobbs was doing in the district with the young people and outlined the formation of the Variety Club. Col. Parker and Leonard Hobbs assisted the club.

Percy Ridell of the Y.M.C.A. gave gymnastic display and B. Stevens and B. Polner gave a boxing exhibition.

Contributing to the entertainment were: Norma Wilkinson, Larry Mowat, Frank Michelin, Kay Evenden, Betty Prior, Mrs. Alice Watfield, Mrs. T. Anderson and Mickey Francis, who was also master of ceremonies. Leonard Hobbs entertained the patients and orderlies of the Veterans' Hospital following the concert.

Easter Services At New Lake Cowichan Church

LAKE COWICHAN—The St. Louis de Montfort, Roman Catholic church, now under construction here, will be sufficiently completed to hold services on Easter Sunday, if present plans proceed.

Services are now held each Sunday in quarters at the church, which will later be used as residence of the parish priest, Rev. Father Joseph C. Cyr, S.M.M. A choir, under direction of A. Hudon has been organized, with nine members. Mrs. M. O'Brien is organist, and they will sing the first Mass on Easter Sunday.

Future Citizens To Take Over Friday

Friday of this week will be "Future Citizens' Day" and students from Greater Victoria high schools will assume administrative duties at civic and business offices.

This is the third consecutive year that the high school students have been "given the run of things" for a day. Warren George, president of the Victoria Youth Council, which is sponsoring the project, points out the purpose of the day is to familiarize youth with responsibilities attached to public and business offices.

Presidents of the high schools' students' councils will assume the duties of mayor and reeves in their respective districts and senior representatives on the council will be "aldermen." This system of filling the offices is a new one. In former years students were elected to the various positions.

Steps are being taken to familiarize the students with the work of the men whose places they may fill. Students to serve on the City Council will throughout the week spend time with the aldermen to see first hand what the duties are.

At their council meeting the students will discuss current problems of the regular council. The Point Elliot Bridge issue will be aired.

The "Future Citizens' Day" program committee will also fill administrative offices in about 60 city firms. The students to fill these positions will be chosen by their teachers. Students will also assume duties of various civic departments, including fire and police.

Rebuild Bridges For Logging Work

MESACHIE LAKE—Logging is at a standstill as yet on the rail section of Hillcrest Lumber Co.'s holdings here.

Washout of bridges before Christmas caused the first shutdown, and frequent snowstorms held up the rebuilding of the bridges. The first bridge along the route has now been rebuilt, but deep snow beyond that, now a solid mass of ice, could not be cleared from the track at the week-end. It is planned to send two engines over this section at

the first of the week, in an endeavor to clear the rails. Snow in the hills is about 50 inches. Truck logging section is keeping the mill at Mesachie Lake in supply.

Mrs. Towers, 99, Dies

SIDNEY—Mrs. Mary Ann Towers, a resident of Sidney and North Saanich for the past 16 years, died Friday at the age of 99, and will be interred at her birthplace, Elmsville, N.B.

Mrs. Towers had made her home with Mr. and Mrs. C. Davidson of Sidney. During the war she knitted and sewed large quantities of goods for the Red Cross

North Cowichan To Move Offices

DUNCAN—In order to avoid the city's parking meters, North Cowichan Municipality will move its offices from the City of Duncan.

Reeve D. D. Chapman said it was necessary to have an open space in front of the municipal office to enable people to come and transact business "without interference."

Construction of a two-story municipal hall on land purchased in the municipality north of Duncan, is planned.

Easter Fabric Parade

"To Sew Is To Save"

Select your materials from these high-fashion fabrics that delight the eye . . . that make up quickly and easily into loveliest styles for Spring and Easter.

★ "Lesbury 56-inch Gabardine

100% virgin wools. A fabric you can buy with the utmost confidence. Four colors—black, navy, cherry red and hunter's green. Yard

8.95

Fine Worsted Suitings

Brown and white and black and white in the tiny houndstooth check and a very handsome Glenurquhart check in grey and black with a red pencil line overcheck. 56 inches wide. Grand for odd skirts, jackets, suits or light coats. Yard

7.95

54-inch "Aireboro" Suitings

A beautifully soft all wool fabric in lovely pastel shades of brown, fuchsia, green, honey, southern blue and aqua and in black and navy. Yard

4.95

54-inch Twill Coating

An all wool and worsted mixture for spring and summer coats that will give you smart appearance with long wear. Steel blue, black, cherry red, paddy green and flotilla blue. Yard

4.50

54-inch Dress Flannel

So soft! So light! Such pretty shades. Toast grey, aqua and blue, also black. For that just-a-little warmer dress that every woman needs to complete her spring wardrobe. Yard

3.50

54-inch All-Wool Suitings

A lighter weight fabric in a plain weave. Choose from black, navy, tartan green, wine, clear blue and violet. Yard

2.95

★ Bridal Satin Damasks

These rich, gleaming fabrics provide the answer to bridal gown problems. Four charming designs to make a lovely bride lovelier. 36 in. wide. Yard

4.95

★ 42-inch Lingerie Satin

White, azure, tearose, primrose, turquoise and black to choose from in this dainty lingerie fabric. Better shop early as quantity is limited. Yard

1.49

Personal Shopping Only, Please

42-inch Lingerie Nylon

Easily washed, quickly dried and needs little or no ironing. Most suitable for feminine "dainties." White, tearose, turquoise, azure and black. Yard

2.29

36-inch Imported Cotton Prints

Smoothly woven, and evenly printed in floral designs on blue, green, red and rose grounds. Yard

69c

Brighten Your Household Tasks
With Cheery

Springtime Aprons

Smart to look at, comfortable to wear, easy to wash . . . our gay collection of floral print aprons, organdie trims, contrasting pipings, handy pockets, bibs.

75c to 1.50

Huge Jackpot Won By Chicago Woman For 'Walking Man'

HOLLYWOOD (AP) — Mrs. Florence Hubbard, a widow, of Chicago, Saturday night identified Jack Benny as "the walking man" and won a radio jackpot worth \$22,500.

Mrs. Hubbard, saleswoman in a Chicago department store, was the first person telephoned by Ralph Edwards, master of ceremonies on the "Truth and Consequences" show (NBC).

Quizmaster Edwards explained that Benny was the "Walking Man" because:

"He won't spend the money for cab fare."

He also pointed out that the comic's home town is Waukegan, Ill., which means walk again.

Informed the contest was over, Benny exclaimed "Thank goodness—my feet are killing me."

The 10-week contest raised an estimated \$1,500,000 for the American Heart Association. Twenty-seven wrong guesses included Richard Dix, President Truman, Ed Crump, Walter Huston, Louis B. Mayer and Henry Kaiser.

The jackpot included: A home laundry; \$1,000 diamond and ruby watch; an automobile (Cadillac); gas range; 16 mm. motion picture sound projector and screen; two-week vacation for two at Sun Valley, Idaho, with all expenses paid; a \$1,000 diamond ring; vacuum cleaner; combination phonograph, radio and television set; refrigerator; paint for both inside and outside of a house; complete woman's wardrobe for every season; home freezer filled with food; airplane; dining-room and two bedrooms filled with furniture; \$2,400 trailer completely equipped; 14-foot boat; \$1,000 fur coat; \$500 worth of home appliances; piano; electric blankets; three suits for each male member of her family and a sewing machine.

Separate School Tax Question Debated In U.S.

WASHINGTON (AP) — A Protestant group said today the Roman Catholic Church "has entered the political arena" seeking public funds for its schools.

A spokesman for the National Catholic Welfare Conference reported: "No spokesman for the N.C.W.C. has proposed that parochial (separate) schools be incorporated in the public school system. Such incorporation is legally impossible."

Protestants and other Americans United for Separation of Church and State said in an open letter to the N.C.W.C.: "You say that the hierarchy does not want union of church and state, but its actions dispute its words. It at least wants union of church and state at the public treasury, and it is working with great energy to secure such a union."

"Protestants and other Americans United have accepted the hierarchy's challenge. The situation thus resolves itself into a political contest. The issue is not a religious one, in the sense that religious differences are involved. We propose to acquaint school boards, legislatures, Congress and the courts with the fact that five-sixths of our country's citizens claim their constitutional right not to be taxed to support any church whose religion they do not profess, or to support their own religion."

Msgr. Frederick G. Hochwalt, director of the department of education of the N.C.W.C., replied:

"The mere fact that a public school employs Catholic nuns as teachers does not make the school 'Catholic' either in law or in fact. Incidentally, two-thirds of the counties in Missouri hire ordained ministers to teach in their public schools, but Catholics do not claim that this arrangement makes most of the Missouri public schools 'Protestant,' nor do they think there is any union between the Protestant church and the state of Missouri."

Attorney-General At Police School Closing

Attorney-General Gordon Wismer, left, examines certificates presented to members of the B.C. Provincial Police and Greater Victoria police forces Saturday at the conclusion of the five-week school of advanced training held by the B.C. Police. Others, left to right, are: Constable D. Murdoch, Deep Cove; Cpl. Jack Hamilton, Saanich police; and Detective David Donaldson, city police. B.C. Police will shortly start a program of elementary courses for police recruits.

Boom-Bust Cycle May Be Eased By New Wheat Price Agreement

By Canadian Press
An acknowledged evil within the economic system—the "boom-bust" cycle—was further harassed over the weekend with the announcement of a 36-power wheat agreement putting a \$2 a bushel ceiling and \$1.10 floor price on wheat exported by the United States, Canada and Australia over the five crop years starting Aug. 1, 1948.

Government, business leaders and economists have long recognized the need for some means of narrowing down the alternating periods of business booms, inflation, deflation, depression. Such cycles, in the past, have involved all sections of the economy—agriculture, industry, finance, without preference as to priority either in the boom or the bust period.

"The problem has been to exercise just that amount of control that will level off the curves without placing fetters on the economy. All forms of economic controls familiar to most since the beginning of the last war—serve in some degree to stabilize conditions. Allocation of materials, price ceilings, direction of imports and exports and international trade agreements are examples, just as are the expansion and contraction of credit facilities, the establishment of interest rates and, on commodity and stock markets, the determination of margin requirements. All attempts to prevent too sharp variations in price and a production levels.

Admittedly, it is difficult for a population enjoying record production and accompanying prosperity to concern itself effectively with possibilities of a sharp reversal of conditions. The grain grower in the United States today receiving about \$2.50 a bushel for his grain may be dubious about selling at \$2, but the recent price crash in grains could indicate that a floor at \$1.10 a bushel five years from now may be highly acceptable.

Stock markets accomplished

little of significance in the half-day session Saturday. New York aircrafts and amusements attracted some buying, while at Toronto the whole list showed mild improvements and at Montreal small gains and losses were mixed in quiet dealings.

Commodity markets reported a mild downturn in grains at Chicago and Winnipeg, while cotton closed about unchanged at New York.

Straith Opens New United Church Hall

A new hall at Belmont Avenue United Church was opened officially last week by Hon. W. T. Straith, Minister of Education.

Rev. C. R. McGilivray conducted a dedication service and addresses were given by Dr. T. E. Helling, Alderman Charles E. Banfield, Rev. W. R. Ashford and B. C. Bracewell, deputy minister of municipalities.

H. E. S. Moore and R. P. Knott gave details of the construction of the hall and a musical program followed.

Taking part in the entertainment were Mrs. C. Hardy, Miss Florence Smith, J. Matheson, D. Jones, J. MacDonald, H. H. Hollins, W. T. Land, J. Marshall, D. H. Gray, Mr. Knott, J. Ransom, W. Spence, H. E. S. Moore and E. Jones. Pianists were Mrs. R. Reid, Miss V. Wood and F. Wright.

Royal Conservatory Music Examinations

The following is a list of successful candidates in examinations held recently by the Royal Conservatory of Music of Toronto in Victoria. The names are arranged in order of merit.

Theory — Grade V; Counterpoint, history, honors, Lorne B. Langley. Counterpoint, form, pass, Phyllis H. Kemp.

Harmony — Pass, Madeline Colitis, Elizabeth M. Harding, Pearl D. Scott. Counterpoint; honors, Eric V. Edwards, C. W. Bardsley.

Grade IV—Counterpoint, first class honors, Pearl D. Scott; pass, Madeline Colitis.

Grade III—Harmony, honors, Marjorie C. E. Jones, Betty A. Renny.

Grade II—First class honors, Muriel L. Jennings; Harriet MacLeod; Frances Appleton; Katharine M. Goodland; Eileen H. Lewis; honors, Earl Smith; pass, Joyce Roberts.

Grade I—Pass, Diane Gilling. Speech Arts Written, Grade VII Pass, Lillian F. Easton; Marilyn Leigh.

Identity Discs For Dogs, Cats Planned

A lost-and-found service for pet owners is planned by the S.P.C.A. Officials announced arrangements are being made to issue identification discs for cats and dogs.

Then if Bonzo or Tabby becomes lost or strays, he soon can be returned home through information stamped on the disc.

E. P. Heywood, chairman of the shelter committee of the society, announced also construction will be started immediately on the society's boarding kennels for cats and dogs.

For Animal Week, May 3 to 9, the society is sponsoring a snapshot contest for children. Entries must be pictures of animals.

During February the society carried out 126 inspections, made 88 investigations, interviewed 56 animal owners. Nine warnings were given and 12 animals destroyed. Twenty-two emergency cases were attended, 70 animals were reported lost, 23 dogs and cats were found homes and 12 animals returned to owners.

R.A.F. STYLES EXPOSURE SUIT FOR AIRMEN'S NEW LOOK—Lt. F. Latham, left, puts on the new deflated exposure suit designed for downed airmen and being tested at the R.A.F. experimental station in Farnborough, England. Once on, the suit, which weighs only 12½ ounces when folded, is inflated by the wearer. At right, Latham floats comfortably as he demonstrates the buoyancy of the waterproof suit, which is insulated against cold.

Claims By Foreigners To Parts Of Empire Give Britain Problems

By ROBERT HEWETT

LONDON (AP)—A rash of foreign claims, internal disorders and independence "growing pains" is plaguing Britain's war-weakened empire.

From Latin America to Africa and eastward to Asia, Britain's world-wide authority, has been challenged with renewed strength in recent weeks.

The average Briton, mildly calls it "twisting the lion's tail," but there is no mistaking the government's serious view of the situation.

Dispatch of a warship to Antarctic islands claimed by Argentina and Chile and landing of troops in British Honduras, claimed by Guatemala, underlined Britain's stiffened attitudes against demands on her empire.

"If the lion appears to be weakening, the jackals will soon come yapping and snapping hopefully round its flanks," was the way Lord Tenter, Marshal of the R.A.F., put it a few days ago.

ARMED FORCES CUT

The military strength of the British Lion is being reduced. Faced by an economic crisis at home, the government has just announced more cuts in Britain's armed forces.

During the next year Britain's armed forces will drop more than 200,000, leaving the combined strength of the navy, air force and army at 716,000 men by March 1, 1949. Britain's one powerful fleet is being reorganized and at the present time no battleship or heavy aircraft carrier is ready for immediate action, the Admiralty said.

Within a year Britain has granted independence to Burma and Dominion status, with a further choice of complete independence, to India and Pakistan. Ceylon has become a self-governing member of the Commonwealth and Britain is leaving Palestine. But the challenge to the Empire continues.

Here are the current trouble spots in the Empire:

Antarctic Islands—Argentina and Chile sent naval expeditions to claim long-disputed territory in the Falkland Islands dependencies south of Cape Horn. Both countries have turned down Britain's offer to let the International Court of Justice decide the ownership of the ice-covered islands. Britain, however, said she had no intention of arbitrating Argentina's claim to the strategic Falkland Islands colony 300 miles east of Cape Horn. She sent the cruiser Nigeria to bolster the sloop that was Britain's only warship in the area.

IN CENTRAL AMERICA

British Honduras—Britain dispatched two cruisers and landed troops in her little Central American colony, claiming "irresponsible elements" in neighboring Guatemala planned an invasion.

Palestine—Britain has announced she will give up her 20-year-old League of Nations mandate May 15. British troops have been trying to maintain order during the bloody Arab-Jewish conflict.

The African Gold Coast—A "state of emergency" was proclaimed in the West African Colony this week after 14 had been killed in riots attributed to growing nationalism and demands for self-government.

The Sudan—Britain's latest offer to compromise the Anglo-Egyptian dispute over the Sudan was rejected by Egypt this week. The Sudan has been under the joint sovereignty of Britain and Egypt since 1899.

Cyprus—Nationalist elements in the strategic island colony in the eastern Mediterranean have been agitating for Britain to

withdraw. Four persons were injured last week in a strike demonstration.

4 Killed, 29 Hurt When Blast Wrecks Plastics Factory

WALTHAM, Mass. (AP)—

Police and fire officials searched the ruins of a plastics factory today for two men missing and believed killed in a Saturday night explosion that took two other lives and injured 29, five critically.

The bodies of two workmen, charred so badly they could not

be identified immediately, were removed from the wreckage of the Interlake Chemical Corporation's two-story cement and stucco plant.

The explosion was heard for 10 miles and left the plant of the makers of "Makalot" plastic dishes and novelties a seared mass of girders and heavy machinery piled eight feet deep.

Fire Chief B. A. Neal said most of the survivors apparently were blown clear of the building and that some were shot 50 feet into the air and 75 to 100 feet away from the building.

Neal said the blast occurred during a change in shifts at the suburban Boston factory. It was followed by a roaring fire which immediately enveloped the building. Neal estimated the loss at "about \$150,000."

One of the injured said through burned lips: "I still don't know what hap-

pened. There was no warning, like a rumbling or anything like that. Just a terrific noise. The side of the office blew out. I found myself on the floor and crawled outside.

A nurse who aided in getting the injured to hospitals said: "From the appearance of the injured, some of them must have been blown right through the building."

Pythian Sunshine Council Institution Ceremony Held

The first Pythian Sunshine Council in British Columbia was officially instituted by Mrs. N. Behnson, provincial organizer in an impressive ceremony, held recently in the K. of P. Hall, Corner Street.

Margaret Rose was the name given the council and the number "one" chosen. Charter list of 42 members was read and balloted on, after which the obligation was given.

Nomination and election of officers took place, following which Grand Chief Drusilla Anders, acting as Grand Prelate, assisted Mrs. Behnson in installing officers, who were led by Gloria McKay, Past Royal Princess; Nancy Banks, Past Royal Princess Junior and Patsy Peck, Royal Princess.

Honorary mothers were given the obligation and introduced.

Newly elected Royal Princess, Patsy Peck, presented corsage bouquets to Mrs. Behnson, Grand Chief Anders and Mrs. J. Mark

worth, deputy organizer from Bellingham, Wash., on behalf of the new council. Corsage bouquets were presented to the newly installed officers from Knights of Far West Lodge, No. 1, and to each charter member from Knight Harold Philbrook.

Following a colorful initiation ceremony with Dorothy Brain as candidate, corsage bouquets were presented to the pianist and the Royal Adviser, also to Pythian Sisters who took part in initiation work.

At close of the ceremony, refreshments were served from a head table centred with a decorated cake bearing the name of new council, flanked with tall rose candles in crystal candelabra.

Special guests included, Past Grand Chief, L. Robinson, Sask., and Grand Chief R. Topliss, Victoria.

Meetings of the new council will be held on the first and third Wednesdays of each month.

Linen Shower On April 14

Final plans for the annual linen shower were made at a meeting of the St. Joseph's Ladies' Auxiliary, held recently. The shower date has been changed from March 19 to April 14, as the first date chosen was so close to Easter. Mrs. F. Doherty presided at the meeting.

Easter Party—Children of the B.C. Protestant Orphanage will be entertained at an Easter party to be given by members of the Junior Auxiliary at the Home Easter Monday. At their last meeting a committee was appointed to arrange final details of entertainment, which will include games and special refreshments. Members of the auxiliary, under the supervision of Mrs. Nettle Brown, will have charge of the concession at the B.C. Products Fair, where hot dogs, coffee and doughnuts will be sold. Birthday gifts for the month will be taken to the Home by Miss Kay Firth and Miss Marjory Coates.

Plan To Be Married In June

J. D. WHITEHEAD

CECELIA MARIE WILLETT

Mr. and Mrs. S. J. Willett of Saskatoon, Sask., wish to announce the engagement of their eldest daughter, Cecelia Marie, to John David, eldest son of Mr. and Mrs. J. A. Whitehead, 860 Leslie Drive, Victoria. The wedding will take place quietly on June 5. To honor their son and his fiancée on the eve of their engagement announcement, Mr. and Mrs. Whitehead entertained Saturday evening at their Leslie Drive home. They were assisted in receiving the 50 guests by their daughters, Miss Joyce and Miss Monica and their son, Mr. Michael Whitehead.

Women Stick To Jobs In Aussie Outposts

CANBERRA, Australia (CP)—Australia's 12 most isolated women are too busy to be lonely. Two of them live inland and 10 in highhouses around the coast.

Small, grey-haired Mrs. A. Alston, who has turned 60, runs a tiny general store at Mulka on the 500-mile-long Birdsville-Mareeba cattle trail more than 1,000 miles northeast of Adelaide, South Australian capital.

She lives alone, and the only people she ever sees, apart from aborigines, are passing drovers who sometimes call in to the store to replenish stocks, and the trail mailman.

Her only other contact with civilization is by pedal radio, which connects her with the flying doctor operator at Broken Hill, western New South Wales. All her supplies go 500 miles by rail from Adelaide to Mareeba, then several hundred miles over the cattle track by truck.

Mrs. L. Hese, postmistress and general storekeeper at Ti Tree Well, 120 miles from Alice Springs in the Northern Territory, has her husband to keep her company and she sees her neighbors once a week when they drive 50 to 100 miles for their stores and mail.

The most geographically isolated woman in Australia is Mrs. Haynes, wife of the light-keeper on Manusyker Island, off the south Tasmanian coast. Mr. and Mrs. Haynes get fresh supplies of food and mail only once a month—delivered by fishing smack from Hobart.

There are three lighthouse keepers' wives on Cape Don, 1,000 miles northeast of Darwin, capital of the Northern Territory. There are four children in the little colony. Three more light-keepers' wives live on Montague Island, three miles off the coast near Narooma, about 175 miles south of Sydney, N.S.W.

Mrs. Duncan, wife of the light-keeper on Solitary Island, seven miles off Coff's Harbor, N.S.W., "hates the mainland." She has three children, and two other families live on the island.

P.-T.A. News

Ward Six—Postponed meeting of Ward Six P.-T.A. will be held Tuesday at 7:30 in the auditorium of Mount Newton High School, and will feature a quiz contest in which students from Keating, West Saanich and Saanichton Schools will take part. Final arrangements for the St. Patrick's Fair to be held at the school March 19 will also be discussed. The principal of the school is in charge of books donated for shipment to Europe, which will also be accepted at the meeting.

Oaklands—Plans have been completed for a St. Patrick's tea to be held under the auspices of Oaklands P.-T.A., March 17, at 2:30, in the school auditorium. Mrs. Kay Edwards is convener of the tea, and is assisted by the following members: Tea, Mrs. O. L. Porteous and Mrs. A. McDonald; tea-tickets, Mrs. E. Sabiston; sewing, Mrs. J. Ferguson; home cooking, Mrs. M. Crossman and Mrs. A. L. Rutherford; hot dogs, Mrs. G. Smith, Mrs. M. Bloomfield and Mrs. E. Heat; program, Miss P. Kinnaird; movies, A. D. Jones; candy and fruit punch, Mrs. W. Blair, Mrs. G. O. Hughes and Miss L. Smethurst; contests, Mrs. E. Edwards and Mrs. N. R. Kennedy.

Woman Official Notable Record

WINNIPEG (CP)—Edna McConnell of Dauphin, Man., only non-male agricultural representative in the province, frowns on the idea of women following her lead even though she has created an impressive record in her field.

"I don't think women can do the work of an agricultural representative," said Miss McConnell. "I got into it only because of the war."

But Dauphin district residents will have no part of Miss McConnell's "modest" contention. They think of the comely, 34-year-old miss as responsible for making their area "top" in the province where boys' and girls' farm clubs are concerned.

Miss McConnell became the first and only female agricultural representative in Manitoba in 1941 when John Conner, who held the Dauphin post, joined the air force. Previously she had been at Dauphin with the extension service of the department of agriculture.

Miss McConnell, who "grew up in agriculture" from her birth at her parents' farm at Petersfield, took normal school training at Saskatoon, then her degree of bachelor of science in agriculture.

Returning to Manitoba, she joined the Dominion-Provincial youth training scheme as itinerant instructor until she went to Dauphin in 1939 for the extension service. When she succeeded Conner she was first appointed acting representative but the province gave her the full title in May, 1946.

Fifty Years Married On Wednesday

Mr. and Mrs. Alex Maedel, 101 Oswego Street, will be at home to their friends on Wednesday afternoon on the occasion of their golden wedding anniversary. They were married on March 10, 1898, at Ben Miller, Ont., lived for many years in Saskatchewan and came to Victoria to make their home just five years ago. They have seven children living, 20 grandchildren and five great-grandchildren. Mrs. Maedel's father, 92 years of age, still lives in Ontario. Next Friday, Mr. and Mrs. Maedel will go to Vancouver where, at the home of their eldest daughter, Mrs. L. Myquist, a golden wedding celebration is planned for Saturday.

Saturday Dancers At Empress Hotel

A capacity crowd attended the Empress Hotel supper dance last Saturday evening, when music by William Tickle's orchestra included today's hit "Now Is the Hour" and many old favorites, requested by the dancers.

Feminine attire proved the "new look" had come to stay in Victoria for awhile, with most frocks featuring longer lengths, hip emphasis and tiny waists.

Miss Judy Humphries who was there with Bill McCarter, was wearing a navy dress with white coin dot print, the hipline of the full skirt banded in navy taffeta.

Their party included Miss Isabelle Terry, Bill Moresby, Miss Gwen Mann, Charles Cranston, Miss Barbara Hein and Bill Matheson, the latter two from Vancouver.

Miss Vervan Yarrow's turquoise frock had a flaring peplum studded with dull gold sequins, the gold trim repeated at the neckline. Her escort was Mr. William Pinkard and they were with Miss Jean McKenzie-Grieve and Mr. Alan Cavenagh.

A Kelly green belt on her softly tailored beige gabardine dress matched the green suede sandals worn by Mrs. Ian Butters. With Mr. and Mrs. Butters were Mr. and Mrs. Bruce McGregor.

Maj. S. C. Sweeney's party included Mrs. J. R. Appleton, Mrs. P. E. Driscoll, Mr. E. G. Broad and Mr. D. Kraefft.

Mr. and Mrs. David Floodgate came with Mr. and Mrs. Bruce Robinson.

One of the largest dancing parties included Miss I. Salamandick, Mr. Ed. Savanah, Dr. and Mrs. Gill Hooly of Vancouver, Mrs. D. Radcliffe, Mr. Gordon Fields, Miss Muriel Graham and Mr. Joe Andrews.

Others noticed dancing were Mr. and Mrs. David Meharey, Mr. and Mrs. Harry Butler of Vancouver, Lt. Col. and Mrs. George Paulin, Mr. and Mrs. Robert Van Horne and Mr. and Mrs. E. N. Doland.

Club Calendar

Princess Alexandra Lodge No. 18, Daughters of England, meeting Wednesday at 7:30, in the Orange Hall.

The Neighborly Club, especially for lonely people, will meet on Wednesday at 7:30 in the Friend's Meeting House, 1831 Fern Street.

Craigflower Women's Institute, regular meeting, Thursday at 2, at home of Mrs. W. F. Rankin, 1440 Craigflower Road. A bridge party planned for Wednesday evening has been postponed for one week.

St. Martin's W.A., evening branch, Tuesday at home of Mrs. J. W. Corbett, 2895 Austin Ave. Colfax Rebekah Lodge, degree to be conferred, Tuesday at 7:30, I.O.O.F. Hall, Douglas Street. W.A. to Britannia Branch, No. 7, Canadian Legion, B.E.S.L., Tuesday at 7:45, Legion auditorium, 1616 Blanshard St.

Luxton and Happy Valley Women's Institute, regular meeting, Tuesday at 8, Luxton Hall. Esquimalt Chapter, I.O.D.E., Wednesday at 8 at the home of Mrs. C. H. Cross, 1221 Old Esquimalt Road.

Conveners Elected—At a meet of Camosun Chapter, I.O.D.E., with Mrs. A. Mainprize, regent, presiding, the following conveners were elected: Postwar work, Mrs. E. Edwards; child and family welfare, Mrs. A. M. Florence; ex-service personnel, Mrs. George Miles; work in India, Mrs. H. W. Edmondson; films, Mrs. G. W. C. MacNeill; immigration and Canadianization, Mrs. H. C. Corbett; empire study, Mrs. J. R. Campbell. Conveners appointed were: Flowers and gifts, Mrs. R. J. Muir; Victoria Nursing Home, Mrs. A. M. Florence; tea, Mrs. E. Edwards; membership, Mrs. A. H. C. Phillips; Mrs. J. Meiss, treasurer, reported \$204.35 in the general account. It was decided to hold a bingo party in the Douglas Room of the Hudson's Bay Company in April, and Mrs. J. W. VanNorman will be convener, assisted by Mrs. Muir and Mrs. Florence. Thunderbird Squadron Junior Chapter has been invited to a dance to be held Friday at 2770 Thorpe Place.

Miss Betsy Woods And Fiance Feted

It was to honor Miss Betsy Woods, and her fiancé, Mr. John Cox, whose marriage will take place March 20, that Mr. and Mrs. Dudley Markham entertained with a dinner party at their Sylvan Lane home Sunday evening. Dr. and Mrs. Gordon Grant, Transit Road, honored Miss Woods and Mr. Cox at a buffet supper last week when guests included Lady Butler, Dr. and Mrs. Gavin Chisholm, Mr. and Mrs. Philip MacDonald, Mr. and Mrs. John Rockingham and Mrs. Lennard Crookston. A tea

and miscellaneous shower was given Saturday for the bride-elect by Mrs. J. T. Gawthorpe, 1115 Leonard Avenue. Lady Butler, sister of the guest of honor, and Mrs. W. S. Fry, her aunt, presided at the tea table. Gifts were presented by Carol Butler, and guests included Mrs. H. Edgell, Mrs. M. Persse, Mrs. Davis Whyte, Mrs. P. MacDonald and Misses Jean Hayhuft, Pat Hanbury, Alice Johnson, Wynne Smythe, Frances Vallcott, Frances Wetmore, Jean Keith, Jessie Forbes and Erico Hamilton.

Late Afternoon Parties For Legislature Members

Hon. Herbert Anscomb, Minister of Finance, and Mrs. Anscomb, have issued invitations to members of the Legislature and

their wives, for two late afternoon parties at their home, "Hove Villa," on Newport Avenue, the first on March 19 and the second on March 23.

Mr. and Mrs. James Moreton are spending a month's holiday at Harrison Hot Springs, and are guests at the Harrison Hot Springs Hotel.

Mr. and Mrs. William Ferguson are visitors in the city from Vancouver and are staying at the Empress Hotel.

Guests at Cherry Bank Hotel this week include Mr. and Mrs. E. C. Davis of Lethbridge, Alberta, and Mr. A. H. N. Taylor of Willow Point, Nelson, B.C.

Miss Josephine Mark and Miss Betty Rodell left Saturday afternoon en route for a holiday at Banff. They will also visit Calgary, Edmonton and Prince Rupert, returning to Vancouver for the Easter week-end. In Edmonton, they will be guests at the McDonald Hotel.

Mrs. J. G. Wallbridge, Edmonton, and her sister, Mrs. Spencer Stone, Chatham, Ont., are spending a few weeks in Victoria and are guests at the Oak Bay Beach Hotel.

The Printed Word for Easter

Welcome the spring in these enchanting new floral prints, designed to carry you prettily through the entire season. One and two-piece styles in light and dark backgrounds. And all sizes from Junior 11's to women's half size.

Do You Feel Nervous And Ail on Edge?

People suffering from loss of appetite and run-down condition with symptoms of nerve strain often need a nerve and general tonic. Glycerolactin with Vitamin B (1) supplies tonic ingredients. It is especially beneficial for convalescents. By increasing the supply of Vitamin B (1) in the system, appetite is improved and the system thereby built up to normal if the loss of appetite was due to deficiency of Vitamin B (1) in the diet. \$1.00 at all Cunningham Drug Stores and other drug stores.

HISTORIC MEDICAL HIGHLIGHTS—No. 45

DIET MYSTERY SOLVED

IT TOOK years of experimentation to establish the existence of vitamins. From 1881 to 1912, all scientists could discover was the contrary effect different diets had on the health of animals. In 1915, McCallum and Davis helped solve the mystery by showing that two "accessory substances" were required in addition to pure carbohydrates, proteins and fats to sustain life. Other experiments showed how certain diseases like beri-beri and scurvy were caused by the lack of an unknown curative substance in the diet. These substances have since been called vitamins A, B, C, D and E. They are credited with aiding in physical growth and maintaining buoyant health.

An ounce of prevention is still worth a pound of cure... so guard your most precious possession—good health. Whenever you need medicinal aid, either as a preventative or as a cure, you can rely on our prescription experts.

SKILL IN MARRIAGE

When a man hires a new secretary who is just out of the school room and who has had no previous experience in the business world, he doesn't expect her to turn out an expert job. On the contrary, he knows that she will make mistakes and bungle accounts, and not know where things are in the files, or how to handle clients or customers smoothly, and he prepares himself to use patience and diplomacy in breaking her in to the office routine and in teaching her how to do the work the way he wants in done so that eventually she becomes "our invaluable Miss Smith."

Yet, strangely enough, there are very few men who ever consider training the girls they marry into being the kind of wives they want. Whether they think that there is some magic in the marriage ceremony that will automatically turn their brides into whatever they desire them to be as wives, Heaven alone knows. But it is sadly true that when the average girl gets married she hasn't the faintest idea on earth of what her husband really wants her to be and do.

Not only has her prospective husband never told her what he expects of her, he has unintentionally misled her by giving her the general idea that marriage is a state of perpetual billing and cooing and being dressed up in wedding finery, and looking pretty and stepping out of evenings to a night club. It is significant that when girls buy their trousseaus they seldom include any working clothes, and in their courtship men rarely even mention wash tubs and cooking stoves.

WANTS GOOD COOK

And that goes a long way towards explaining why so many marriages go on the rocks and why there are so many peevish, fretful, discontented wives and so many grumpy husbands. For how can Mary Anne come up to her husband's desire in a wife when she thinks he only wants her to look pretty and act cute, whereas what he wants is a good cook? And how can Mary Anne be satisfied with a husband who just passes into the silence when anything goes wrong, instead of telling her what it is that grips him?

Love of itself is not enough for the average man. He wants performances, besides. And when he marries he wants his wife to have all of the domestic virtues, as well as good looks and a line of fascinations. And when she fails to make good on any, or all, of these points, he considers that he has been gypped and he acts accordingly, which doesn't make him pleasant to live with.

Apparently it seldom occurs to a man that when he marries a young ignorant girl, who has had no experience in smoothing men's fur down the right way and knowing how to get along with him, and who knows nothing of how to cook or handle money, it is up to him to teach her how to be a good wife and come up to his standards.

A LITTLE TEACHING

There isn't a woman who couldn't be turned into a good cook if her husband took an interest in it and praised her bread and pies in the market place. There isn't a woman whose husband couldn't teach her to be thrifty if he showed her how to handle money. There isn't a woman who wouldn't learn to control her temper if her husband told her what a Mona Lisa smile she had.

Second marriages are notoriously happy, and the reason for this is that widows have been taught, by precept and experience, how to be good wives.

DOROTHY DIX.

WIDOW'S IDEAL MARRIAGE

Dear Miss Dix: I am a widow at 20, with two small children. My problem is this: My husband's brother has asked me to marry him, but he is only 20, just a few months older than I am, and I do not know if it is fair for a young man like him to take on a family like mine. He thinks it

Parcels Of Clothing For Needy In Britain

Members of the Local Council of Women prepare a second shipment of used clothing for shipment to Britain. Mrs. Bertha Parsons, immediate past president of the council, is packing one of the sacks; directly behind her is Dr. Marian Sherman, recently named council president. Among others in the picture are Mrs. A. E. Hopkins, Mrs. L. A. Lucas, Mrs. Blair Reid, and on the extreme right, Mrs. Alfred Carmichael, president, Provincial Council of Women.

For Spring's Unpredictable Showers

Skipper blue satin gleams in the new spring rain fashions designed by Canadian Lou Ritchie. The detachable hood is lined with plaid taffeta. The coat is loose and long.

is all right and he loves my boys dearly.

I love my husband's brother as much as I loved my husband, if not more so, but do you think it will be right to burden him with two small children?

MRS. E. H.

Answer: It always seems to me that for a man to marry his brother's widow, or for a woman to marry her sister's former husband is the happiest possible solution of the matrimonial problem when death has broken family ties. Such a marriage carries with it few risks because a brother-in-law and sister-in-law have known each other so well that they are familiar with all of each other's little peculiarities and faults and habits, and know how to adjust themselves to them.

BEST FOR CHILDREN

And, above all, it insures the well-being of the children who are far more apt to be well treated by the uncle or aunt, who has married their father or mother, than they would be by any strange stepfather or mother. Most uncles and aunts love their nephews and nieces as if they were their own children, so the youngsters are not subjected to the jealousies and tyrannies of strangers that ruin so many young lives.

For a long time in England it was illegal for a man to marry his brother's widow, or for a woman to marry her husband's brother, but that law was rescinded. And just now the church has lifted its ban against it, and the right of men and women to marry their in-laws is being recorded in the Prayer Book.

Quadrant—March meeting of the Quadrant P.T.A. will be held Tuesday afternoon at 3, upstairs in division 1 classroom, when several important matters will be discussed.

James Douglas—At the last meeting of Sir James Douglas P.T.A. it was announced that the drama festival, with Margaret Jenkins School, South Park School and Sir James Douglas School competing, will be held in the school auditorium Wednesday afternoon, and the annual spring festival of song and dance will be held March 24 at 2. N. Robertson presided at the meeting and Mrs. W. Corry was named delegate to the convention in Vancouver. Purchase of books for the library was discussed.

New Method Laundries Introduce 'Flamort' As A Public Service

The greatest discovery in the history of the world was the domestication of fire. From that day forward man cooked his food, warmed his cave and wandered forth into temperate zones. But like so many others of his greatest discoveries man had to learn how to control fire and from primitive to modern times the prevention of fire has been a never-ending source of research. Rates of insurance companies are predicated on the inflammable nature of the surroundings, and the reputations of cities are often based on the fact that they possess excellent facilities for fighting fires.

There is no difficulty from this point of view of putting fires out providing time and water is available but the core of the problem has been to prevent fires starting. Every woman knows how many of her best household fabrics may be destroyed by a moment's carelessness in disposing of cigarette ashes. The number of fatalities occurring through people smoking in bed is notorious. Consequently when Mr. H. H. Stephen, managing director of New Method Laundries Ltd., introduces Flamort to Victoria and district he is pioneering in a field which has infinite possibilities not only in the textile field but in the whole building industry as a public service.

As a matter of interest Flamort is another of those war products which were a top secret in Germany just before Hitler launched his attack on civilization. The originator of Flamort, which is neither an acid nor an alkali, was the famous Dr. Hierz of Vienna, who fled to California with his secret formula. In California its production was entirely controlled by the navy, but when it was released for general use, it was adopted as a "must" by legislative enactment in the statutes of California for all textile materials in any place of public assembly.

In so far as textiles are concerned, fireproofing materials which would not injure the fabric have invariably proved a bugbear to all those engaged like the New Method Laundries in cleaning and drying the materials

with which they have to deal. The difficulty has been not only one of application but the reaction of the various chemicals inherent in the fibrous material such as wool in its natural conditions, or during the course of its manufacture into drapes, bed linen and clothes.

Flamort can be applied to all such materials and they remain fireproof after cleaning. It is, however, of much wider use because it can be equally well applied to wooden or cement buildings. In its original form it is a power which after being dissolved in water is then sprayed on whatever is to be fireproofed.

As Mr. Stephen points out "the majority of fires originate from the smallest beginnings. Carpets, drapes, curtains, chair coverings are all potential sources of tragedy. Flamort not only makes it impossible for these fabrics to burn. It eliminates the danger of smoldering, the dreaded afterglow feared by every firefighter."

To demonstrate the effectiveness of Flamort, Mr. Stephen applied a match to a thin sheet of treated tissue paper. The paper charred at the edges but would not burn. Its quantitative application to textiles is naturally a matter of scientific and careful experiments but generally speaking these all are embodied in the one word spraying. The New Method Laundries having made the necessary experiments are now ready to apply Flamort to all the fabrics they handle. They estimate at present that the cost will be about five cents a square foot, but once applied the materials can be dry cleaned at least half a dozen times without any further application. It has no effect on either the color or material.

An interesting point with regard to its use on buildings is that it can be applied to the exterior which is then painted over and thus prevents weather bleaching. As far as textiles are concerned it is not only flame but moth-proof.

Like so many other of the chemical materials developed by research since the war, the market for Flamort has never been expanded to general use because of the lack of the basic materials and manufacturing resources. The demand for a long time has been ahead of the supply but the New Method Laundries are now at last assured of a sufficient supply for use in their own particular line and are placing their facilities for flame-proofing all the different fabrics with which they deal at the public service.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

IT'S TIME TO
CHECK OVERHEAD

This is the season when melting snow and rain uncover many roof troubles. So now is the time when homeowners should "trouble-check" their roof.

If you need a new roof, remember, one of the most satisfactory roofing materials ever developed is the Johns-Manville Asphalt Shingle. It's fire-resistant--durable--attractive and economical. And, equally important, J-M Asphalt Shingles harmonize perfectly with the architecture and surroundings of any home. For full details on Johns-Manville Asphalt Shingles ask your nearest J-M dealer for free illustrated folder. It shows the many colors and styles available--tells how the special asbestos base on J-M Asphalt Shingles provides added fire protection. Get in touch with your J-M dealer today. DIAL 900

Writer Criticizes Barbara Ann Scott's Choice Of Program

LONDON (CP)--Peter Wilson, outspoken Sunday Pictorial sport critic, said today that Barbara Ann Scott "probably is the world's most attractive athlete," but criticized with "regret" her choice of program.

Wilson said that the Canadian girl, who left here Sunday for Montreal by plane, appeared at Wembley barelegged and in a costume which gave the impression of a bare back. The costume

was "a fair enough costume for ordinary skating, but Miss Scott performed to the music of Ave Maria to the accompaniment of whistle and wolf calls from the stands--tribute to her pronounced charms--and went through a routine which included the travesty of a young girl praying."

"Although there is an obvious film career awaiting the golden girl of the ice, she vows--as she did last year--that she intends studying domestic science when she gets back to Canada," Wilson said, adding:

"At the risk of being blunt, we should like to suggest that she also study what is and what is not suitable for a display on ice."

CANADIAN CANCER SOCIETY NOTICE

The Annual Meeting of the Victoria Unit of the British Columbia Branch, Canadian Cancer Society, will be held on Monday, March 8, at 8 p.m., in the auditorium of Britannia Branch No. 7, Canadian Legion, B.E.S.L., 1616 Blanshard Street, Victoria, B.C.

BUSINESS: Annual Reports and Election of Officers. Guest speakers and films.

J. Q. GILLAN, President

They Live on Every Street ...and they know lots about coffee

There's Mary... smart and trim--mother of two--proud of her home--and such a housekeeper! Why do you always buy Maxwell House, Mary?

Because the Best in Coffee is the Most Economical

Right, Mary. And Maxwell House contains choice Latin-American coffees--the very best.

And my husband loves the Fuller Body of Maxwell House

Maxwell House has fuller body because Radiant Roasting develops all its extra goodness.

I want my money's worth in rich coffee flavor

Maxwell House experts combine these richer coffees in one supremely delicious blend.

More people buy and enjoy Maxwell House than any other brand of coffee in the world... at any price

Packed 3 ways:

1. SUPER-VACUUM TIN Drip and Regular Grinds

2. GLASSINE-LINED BAG All Purpose Grind

3. Instant MAXWELL HOUSE Made instantly in the cup

MAXWELL HOUSE COFFEE

"Good to the Last Drop!"

A Product of General Foods

Business Speeds Up

As man's ingenuity perfected the machine, plants were needed to house his operations--new and better methods of producing raw materials from mine, forest and lands were executed--reserve stocks of these basic materials became essential--faster, more efficient means of transporting and distributing his increased volume became a necessity. As volume developed, the demands for money to extend commercial

credit--to carry inventories--to promote sales--to provide ways and means of reducing costs--and, other factors that contribute to successful operation--exceeded the means of the individual.

Since before Confederation, The Bank of Toronto has provided this money for worthy enterprise in the form of Bank Credit. Perhaps we can be of service to you and suggest meeting to consider your requirements.

Wallabies Dazzle Crimson Tide In Smashing Win

Geoff D'Easum almost got away for a long run in Saturday's match against the Wallabies, but one alert unidentified defender caught the speedy local scrum half by the tail end of his shirt to halt his forward progress. An Aussie forward is closing to make sure of the tackle. Al "Buck" Buckler, Victoria hook, can be seen coming in behind D'Easum. Jack Stevens, right, and Cliff Denham, centre, local forwards, are also visible.

Allan Walker, Wallaby wing three-quarter, has just sidestepped Frank Gower, Crimson Tide wing, but is about to be tackled by D'Easum. Trevor Allan, Wallaby captain and an outstanding star during the game, is coming in to aid his teammate.

Young Scores 3 Goals In Esquimalt Victory

Sparked by centre-forward Art Young, who banged home three markers, Esquimalt yesterday afternoon turned back Oak Bay, 6 to 1, in the semifinal round of the McGavin Cup knockout soccer series to qualify for the right to meet Canadian Legion in the final next Sunday.

Winners jumped into a 4 to 0 lead in the first half and although hard pressed in the second half turned in a relatively easy victory in the replay match.

Gordie Creed opened the scoring at the six-minute mark when his long screened shot deflected off Al Denoni into the nets. Art Young took a long pass down the middle at the 23-minute mark for the second goal and a minute later Elmer Hodder made it 3-0 by banging home a rebound from a goal mouth scramble.

Just before the half ended, Art Young found the twine with his second marker.

Wally Rowe had a busy time in the Esquimalt net shortly after the second 45 minutes began, and turned aside half a dozen hard drives, three of them in succession from the pressing Oak Bay forwards.

Young counted his third goal halfway through the period when

he took a long pass to beat the defence and score easily. Stan Wiseman scored Oak Bay's lone marker at the 27-minute mark to prevent the shutout. Gordie Hayward counted the sixth goal for the winners.

Canadian Legion and Victoria West played to a 1 to 1 tie in an exhibition match in aid of the injured players fund Saturday. Hutchison scored for West with Sid Robbins tying it up for the Legion.

Mapes, McKeachie Capture Fivepin Trundling Titles

Molly Mapes and Alex McKeachie, teammates on the Liberty Cafe team of the Commercial Fivepin League, annexed top honors in the final events of the men's handicap championships at Gibson's over the week-end.

Mapes won the all-events title and paired with Cy Wallis for the doubles crown while McKeachie won the singles title and finished in second place behind Mapes in the all-events race. McKeachie won the singles title in 1940.

In capturing the all events championship Mapes put together three-game totals of 949 for the doubles, 749 for the singles and 847 for the team event for a total of 2,545 pins. McKeachie had 756 for the doubles, 862 for

Bays Edge Thistles In Cup Soccer Tilt

In a hard-fought encounter at Beacon Hill Park Saturday, Oak Bay captured the semi-final of the Fred Oliver Memorial Cup competition by edging Saanich Thistles, 2 to 1. Bays will stack up against Saanich Indians for possession of the silverware.

Centre-forward Johnny Rice put winners ahead, 2 to 0 in the first half, but Little saved Thistles from being shutout, converting a spot kick in the second half.

Mapes, McKeachie Capture Fivepin Trundling Titles

Molly Mapes and Alex McKeachie, teammates on the Liberty Cafe team of the Commercial Fivepin League, annexed top honors in the final events of the men's handicap championships at Gibson's over the week-end.

Mapes won the all-events title and paired with Cy Wallis for the doubles crown while McKeachie won the singles title and finished in second place behind Mapes in the all-events race. McKeachie won the singles title in 1940.

In capturing the all events championship Mapes put together three-game totals of 949 for the doubles, 749 for the singles and 847 for the team event for a total of 2,545 pins. McKeachie had 756 for the doubles, 862 for

the singles and a 760 team mark for a total of 2,378 pins.

Hoskyns finished in second place in the singles race with 838 and third in the all-events total with 2,373. Anderson and Don McCaig were second in the doubles with Bert and Fred Acres third.

Prizewinners follow:

DOUBLES: Wallis, Mapes, 1716; Anderson, Don McCaig, 1689; B. Acres, F. Acres, 1564; E. McKeachie, 1542; McKeachie, 1522; Miliken, McKeachie, 1521; De Goralano, Housh, 1515; Larson, Butler, 1510; W. Smith, Bradley, 1510; Buer, Bucher, 1508.

ALL EVENTS: Mapes, 949; McKeachie, 862; Hoskyns, 838; W. Jones, 816; Butler, 784; D. Corbett, 758; Mapes, 749; Don McCaig, 748; Dunc McCaig, 805.

SINGLES: McKeachie, 862; Hoskyns, 838; Anderson, 838; W. Jones, 816; Butler, 784; D. Corbett, 758; Mapes, 749; Don McCaig, 748; Dunc McCaig, 805.

GOLF MEDALIST: Dr. George Bigelow was the medalist in the qualifying round for the club championships at the Victoria Golf Club yesterday with a score of 73. Allan Taylor was runner-up with 75, and the next three positions went to Colin Rutherford 77, Harold Wilson 78, and Wally Bowden 79.

Aussie Squad Brilliant

Victoria's Crimson Tide and some 4,000 fans received a lesson in the finer points of the game of rugby football at Macdonald Park Saturday afternoon as the Australian Wallabies, winding up their three-game tour of British Columbia, rambled to a 48 to 8 victory over the local rep fifteen.

The visitors from down under gave one of the most polished displays of ball handling, passing and team play that he ever been witnessed on local turf. For sheer speed and elusiveness their backs could not be matched while the forwards, besides getting all but two or three of the set scrums, themselves took part in three-quarter movements, showing an aggressiveness and team understanding that was magnificent.

Gaining momentum with every minute the game progressed the Australians spotted Victoria the lead twice in the opening moments of the first half and then proceeded to run up the score as the tiring local defenders were bewildered by the brilliancy of the visitors' attack.

To pick a standout player for the Wallabies would be impossible but from the standpoint of the fans who look to the thrill-carrier to supply the thrills Cyril Burke, stand-off half, Trevor Allan, inside three-quarter and Brian Piper at fullback excelled with some marvellous

exhibitions of trickery and de-septiveness.

VICTORIA LEADS: After the Wallabies opening kickoff was offside and a scrum called at midfield Victoria went on the attack to finally force a line-out on the eight yard line. A Wallaby forward picked up in the loose scrum to give Victoria a penalty kick in the first five minutes and Tom McKeachie thrilled the home crowd by splitting the uprights to give the locals a 3 to 0 lead.

Wallabies tied the score two minutes later when Piper scored on a penalty goal given for a Victoria offside at the 35-yard line.

Play was extremely fast at this stage of the game with the locals stopping the Wallaby attack by marking the three-quarters in brilliant fashion.

WILLIAMS SCORES: The large crowd had reason to buzz with excitement at the 15-minute mark of the first half when Victoria once again jumped into the lead on a try by Albie Williams and a conversion by Tom McKeachie. Dick Chung-rames started the scoring play at midfield when he batted down a Wallaby pass. Cliff Denham booted the loose ball about 35 yards upfield. Harry Olsen managed to touch it down but an Aussie back booted the ball away before the play could be called and Williams and Ian Turner

gave chase with the latter falling on the leather for the score.

After holding well for the next 10 minutes the Victoria defence began to weaken as the class of the visitors started to tell. Allan ripped off a 50-yard gallop to bring the score to 8 to 6 for Victoria and Piper converted to knot the count. Allan Walker then went around the blind side to score from 25 yards out with Piper converting. Just before the half it was Walker again scooping up a loose ball and scoring near the flag to put the Aussies ahead 16 to 8 at the half.

Stenmark counted the next Wallaby try shortly after the second half got under way but Piper missed on the conversion attempt. Victoria then held the Aussies in their own half of the field for about five minutes but could not dent the tight defence. Allan relieved the pressure by finishing off a three-quarter movement that saw him scamper 60 yards through the whole Crimson Tide team to put the Wallabies in the lead 22 to 8.

From then until the end of the contest it was just a question of how many points the visitors would score. Piper made it 25 to 8 with a penalty goal. He then counted a try and conversion to jump the margin to 30 to 8. Cyril Burke raced over for two tries with Piper converting on each occasion. Dawson and Piper combined to make it 45 to 8 with Walker scoring the last try for the final 48 to 8 margin of victory.

Report On N.H.L. Gambling Delayed

DETROIT (AP) — An official National Hockey League report on hinted player gambling was delayed 24 hours today.

The N.H.L. president Clarence S. Campbell yesterday notified Governor Kim Sigler of Michigan he would not be prepared until tomorrow to turn over the results of his investigation.

Campbell originally had intended to give Sigler his findings today. Campbell has kept mum the last few days on any further results of his week-long inquiry which produced at the outset what he called "circumstantial evidence" against two unnamed players.

Winners Of Gun Club's Gold, Silver Buttons Decided

The shooting combinations of Ted Bailey and Ernie Hazenfratz and Arthur Turner and Harold Moon emerged from Sunday's competitions at the Victoria Gun Club grounds as first holders of the E. D. Todd gold buttons and the R. B. Horton silver buttons.

This was the opening trophy competition shoot of the season at the Albert Head Road grounds. The Bailey-Hazenfratz team of

A marksmen scored the gold medals with a total score of 88 out of a possible 100. The former registered 41 out of 50 and Hazenfratz smashed 25 straight but only nailed 20 of the next 25 birds.

The silver buttons for B-C class shots were won by Turner and Moon in a shoot-off with William Dalziel and Tom Zaccarelli. In the opening contests over the 50-bird route they finished even with 40's and in the deciding event at the posts Turner and Moon came out the winner with a 36x50, beating their opponents by a couple of birds.

Ernie D. Todd was the winner of the first leg of the C.L.L. Shield for skeet shooters. He cracked 23 out of a possible 25.

Shooting generally throughout the day on the traps was poor. According to Clarke Atchison, trap field captain, this was chiefly due to the fact the trap targets were speeded up according to regulations. This meant that marksmen did not get onto the targets fast enough. They were soon out of range.

In a class for the gold buttons the teams of H. Pottinger and L. Horth and James Wren, Lady Smith, and H. Hazenfratz registered 86's, while next highest shots in the B-C class were the team of P. Pottinger and H. Pooley with a 83.

The holders of the gold and silver buttons will retain possession of the trophies until they are beaten by challengers. It is expected the emblems will have a considerable circulation.

Both crashed to the boards. The race ended 146 hours and 2,343 miles after it started.

NEW YORK (AP) — The Italian team of Alvaro Georgetti and Angelo De Bacco won the six-day bike race Saturday night with 1,216 points.

In second place was the French-Greek team of Emil Ignat and Henri Surbatis, with 1,088. They had been tied in distance, but the Italians led on points earlier in the day, seven hours before the week-long grind came to a close at 11 p.m.

The Yaccino-Pesek duo was third with 417 points. William (Torchy) Peden of Victoria was forced to withdraw early Saturday after a bad spill during a sprint session. He required a total of six stitches in his shoulder and thigh after losing control of his bike while attempting to shove off his partner Bill Anderson.

The team will sail from Halifax June 24 aboard the liner Aquitania, arriving in Britain June 30.

Leafs, Wings Remain Tied For N.H.L. Lead

Five hard-fought week-end games leave Detroit Red Wings and Toronto Maple Leafs still deadlocked today for the National Hockey League championship, and Detroit has six games left to Toronto's five before the schedule closes March 21.

The week-end struggles also just about ended Montreal Canadiens' hopes of making the Stanley Cup playoffs. With only five games left, Canadiens are seven points behind Boston Bruins who hold the fourth position and last play-off spot.

To make matters worse, Norm Dussault, the rookie winger who has been a tower of strength for Canadiens in recent games, suffered a possible brain concussion at Chicago last night, after a terrific check from Bill Gadsby of the Hawks.

The Wings on Saturday were held to a 2 to 2 tie by the Canadiens at Detroit, while Leafs were edging New York Rangers 2 to 1 at Toronto. On Sunday, Leafs suffered a 3 to 1 defeat at Boston, Wings took another 2 to 2 tie at New York, and Canadiens were beaten 9 to 3 at Chicago.

At Chicago Sunday the Hawks rolled up their biggest score of the year in the victory over Canadiens. Dussault's injury came near the end of the first period. Gadsby hit Dussault with a terrific check at the Chicago blue-line and Dussault lay motionless on the ice for several minutes while fruitless attempts were made to revive him.

Dussault finally was taken off on a stretcher and at hospital was believed suffering brain concussion. X-ray plates today will show how badly he was hurt.

STEWART GETS TWO: Gaye Stewart scored two of the Chicago goals, the others divided among Roy Conacher, Red Hamill, Bud Poile, Bill Mosienko, Gus Bodnar, Ralph Natrass and Doug Bentley. Montreal scorers were Elmer Lach, Murph Chamberlain and Maurice Richard.

The Wings and the entire crowd at Madison Square Garden last night figured it was a Detroit win until Tony Leswick scored with 20 seconds left to give Rangers the tie. Leswick had scored also in the first period, matching the opening goal by Ted Lindsay of Detroit. Don Morrison got Detroit's second goal early in the final frame.

BRIMSEK SENSATIONAL: At Boston Sunday the Bruins gained a 2 to 0 lead before the second period ended. Grant Warwick scoring in the first frame and Milt Schmidt and Don Gallinger in the second. The Leafs, who had seen Frankie Brimsek stop several dangerous shots, finally broke Brimsek's shut-out with Joe Klukwa's goal in the third period.

Saturday, the Leafs beat Rangers on Howie Meeker's third period goal after Syl Apps had tied it up in the same frame, matching Tony Leswick's goal for New York in the middle period.

In Canadiens' Saturday game at Detroit, Murphy Chamberlain and Doug Harvey scored for Montreal in the first period. Ted Lindsay got one back in the second and Gord Howe cashed the tying goal with only five minutes left in the third.

Bill Cull Re-elected President Of City Baseball Association

Bill Cull was returned president at the annual meeting of the Victoria Baseball Association here yesterday. With Ted Taylor named vice-president. The position of secretary-treasurer is not definite yet, as Tommy Restell declined due to pressure of business.

Delegates from the Eagles, Navy, Pitzer and Nex were present at the gathering, and it is thought that a fourth team is interested in joining. Entries close in both the senior and 21 and under league on April 4.

Executive of the city association will attend a meeting of the up-island league Sunday, when an effort will be made to continue the lower island league again this season.

The meeting voted to attempt to schedule league contests at the Colville Road grounds, and addition to the regular matches at Athletic Park when the Athletics are on the road, and at Macdonald Park.

Next meeting of the association has been set for April 4.

Bud Poile Within Two Points Of Buddy O'Connor

Buddy O'Connor's individual scoring leadership faced a real threat over the week-end as three Chicago players and Elmer Lach of Montreal made a great bid to overhaul the slight New York Rangers' pivotman, who tallied one assist in his two week-end games. Bud Poile, Chicago's big, best point-getter, climbed up into second place, a point behind O'Connor by picking up four points at Canadiens' expense last night. Gaye Stewart moved up into the charmed circle by virtue of the five points he garnered up against Montreal. Elmer Lach kept abreast of the leaders with a goal and assist.

Leaders follow:

Team	W	L	T	P
O'Connor, New York	20	20	10	50
Poile, Chicago	24	26	12	60
Lach, Montreal	20	26	10	50
O. Stewart, Chicago	28	26	10	66
M. Bennett, Toronto	28	26	10	66
D. Bentley, Chicago	28	26	10	66
Lindsay, Detroit	21	17	18	60

THE PRICE OF PATRIOTISM

SUPPOSE your boy had been terribly maimed in the war... blinded—paralysed from the waist down—had lost both legs—or been similarly disabled. How much does Canada owe to those who made such sacrifices?

The Government claims that its offer of \$87 a month to the 100% war disabled man—or \$2.70 per week increase over his present pension—is generous compensation!

EVERYONE AGREES that the rate on which war disability pensions are based should be increased. The highest basic pension now paid to the most cruelly war disabled is \$75 per month. It was fixed on the unskilled labourer's earnings back in 1921... has been unchanged ever since.

The Government offers to increase it to \$87 per month. The war blinded, war paralysed, war limbless and other seriously war disabled ask for a rate which will provide

\$100 A MONTH FOR 100% WAR DISABILITY

Whoever you may be, sit down in the quiet of your own room and ask yourself the question: Is this an unreasonable demand on the part of those who, short of giving their lives, made the greatest of all sacrifices for you and for Canada?

The official argument against the request of the war disabled is that the cost of living index has not risen sufficiently above 1921 to justify it. Yet, long before prices started to soar beyond control, larger incomes had been claimed as essential by high and low throughout the land. Increases of 40%—and more—above 1921 levels were already common in major industries and business—for skilled and unskilled alike. Is there, then, to be an inferior standard of living for the war disabled alone?

True—married disability pensioners receive small allowances for wives and dependent children, in which the Government proposes similarly modest increases. And even some of the worst maimed augment their pensions by courageous effort.

But the appalling truth is this—because of their patriotism and gallantry, all too many young veterans must abandon forever the advancement in life that was their birthright.

Do not conclude that many war disabled receive full pension. Quite the reverse. Disabilities must be cruel indeed... total blindness, paralysis, double amputation or equal disablement... to rate 100%.

To these grievous handicaps insufficient income is in many cases adding physical privation and mental distress. These men should be the last—not the first—target of postwar retrenchment.

A protest by every public and private means in your power will do much to help them. Please make it.

\$100 A MONTH FOR 100% WAR DISABILITY

Robbins Scores Two Goals As Scots Shutout United

VANCOUVER—Victoria United dropped a 4 to 0 decision to Vancouver St. Andrews Saturday to remain tied for last place in the Pacific Coast Soccer League with North Shore Reds who were idle over the week-end.

Reds, however, have two games in hand over the Victoria squad. Games next week find St. Andrews visiting Victoria and North Shore playing Vancouver City.

New rule changes will go into effect for these games.

Saturday, the Dominion champions showed some of their best form. Big Wes Henderson played another of his superb games with Joe Robbins, former United player, finally coming to life to punch in a couple of goals. Don Matheson and Jimmy Greig also showed well.

Minus three regulars, Roy Barnes' aggregation couldn't penetrate Scots' stubborn defence. Reggie Clarkson and Gordie Bell worked like trojans but failed to get co-operation from their two inside.

George Steele put the winners in front after less than three minutes of play and from there in the Scots were never headed.

Don Matheson shot the Scots out front, 2 to 0, scoring from a scramble after Robbins and Booley Greed had taken swipes at the loose sphere.

The ragged second half saw Scots toy with United. Robbins got his first goal at the 30-minute mark when he first-timed a cross from Matheson.

His second was a beauty. Coming fast down the centre, he made a heading dive to catch Matheson's cross with a lovely header.

STAMPEDERS EDGE LEAFS.
CALGARY (CP)—Ramming home four goals in the final period, Calgary Stampeders Saturday night edged out a close 7 to 6 decision over Lethbridge Maple Leafs to take a one-game lead in their best-of-five Western Canada Senior Hockey League semifinal series.

Eagles, Heaney's Enter Finals In Juvenile Soccer

A pair of shutouts featured play in the first division juvenile soccer loop yesterday when Eagles trounced Esquimalt, 5 to 0, and Heaney's whitewashed the Marigold-Colquhitt eleven, 4 to 0.

Cedric Robb put Heaney's one up in the first half, and Irwin LeBus counted the hat-trick in the second half as the transfer men held the upper hand all the way. Clarke, Donald, Bridge, and MacDonald were the pick of the Marigold squad.

Eagles scored all their markers in the second half in the game with Esquimalt. Donna McGee with three, and Don McGee and Cossie with one each counted for birdmen. Smith, Buxton and Patterson played well for losers.

As a result of yesterday's games, Eagles and Heaney's will meet in the finals for the Whitaker Cup next week.

Saturday's games saw Jubilee Pharmacy and Vets of France play to a one-all deadlock in a division two match. Tillieums capture their scheduled match with St. Louis by default in a fourth division section, and Burnside trounce Y.M.C.A., 5 to 1 in a division five encounter.

In an exhibition match, the division three Pacific Meat squad downed the division two Esquimalt club, 5 to 2.

Thunderbirds Blank Lions In McKechnie Cup Tilt

VANCOUVER—University of British Columbia Thunderbirds bounced back into the running for the McKechnie Cup Saturday by blanking Vancouver Lions, 11 to 0, in a cup match here.

The students now trail the leading Victoria-Crimson Tide by one half game and must win this week's game from Victoria if they hope to retain the coveted McKechnie Cup. A win for Victoria will give them the trophy.

Fullback Hilary Wotherpoon led the birds to their victory in a game that broke into a scuffle before time. Hart Crosby of U.B.C. and Ron Moffatt of Vancouver were put off for fighting.

Wotherpoon opened the scoring within five minutes when he split the posts with a 35-yard penalty goal. The first half was nearly over when U.B.C. half Dougie Reid sneaked around the scrum, beat one man and was home free for a try. Wotherpoon converted.

Wotherpoon ended scoring 10 minutes from time with his second penalty goal.

Russell Captures Blind Golf Tourney; Victorian Withdraws

INGLEWOOD, Calif. (AP)—Clint Russell of Duluth, Minn., won his second international blind golfers' championship tournament at Inglewood Country Club Sunday, shooting a 104 over the last 18 holes.

Russell had taken the lead Friday but relinquished it to Bill Gilman of Portland, Me., Saturday. Today he posted 48 on the back nine, the lowest nine-hole round of the tournament, and followed up with a 56 on the front nine.

His 54-hole total was 317, two strokes better than Gilman, who shot the last 18 in 110. Dr. Will H. J. Oxenham of Toronto wound up in third place with a score of 337.

Three Canadian players withdrew, including Harris Turner of Victoria.

The golfers reversed usual procedure today by playing the back nine first to enable Bob Hope, co-sponsor of the winning trophy with Bing Crosby, to play the first nine with them. Hope did not keep a card but his antics and jokes entertained a gallery of 2,000 fans following his party.

Name Golf Winners

Results of the Clark Cup, two-ball, best ball match at the Gorge Vale Golf Club yesterday follows:
R. Fanthorpe and Roy Bell 65.
W. Neilson and A. Tregallas 66.
R. Hooley and Ken Hines 66.
Dr. E. Whitmore and C. Boden 66.
A. Blackmore and Ken Garland 66.
H. Atkinson and H. Fanthorpe 66.

In the women's section, Miss M. Comerford won the monthly hidden hole competition with 22, and Miss N. O'Connell was runner up with 26.

Take Me Out, Coach

Stunned, Frank Eddolls of the Rangers holds his head after being accidentally struck by Bruins' Pete Babando at Madison Square Garden. The Boston player drew two minutes in the penalty box for a high stick. The New York club won, 4 to 1.

Locke, Mangrum In Second Playoff Of Four-Ball Tourney

MIAMI (AP)—Bobby Locke of South Africa and Lloyd Mangrum of Chicago today had to play off their second tie in two days in the \$10,000 Miami International four-ball golf tournament.

Locke and Mangrum currently are the leading golfers in the United States in money winnings.

The two ended all even on the 36th hole with Jim Ferrier of Chicago and Cary Middlecoff of Memphis, Tenn., as darkness fell last night.

Mangrum and Locke played 41 holes yesterday. They had to finish their opening round match with Johnny Revolta and Sammy Byrd which was tied at the end of 39 holes Saturday first. A 51-49 victory by Mangrum gave them the match on the 44th hole.

The winner of the Locke-Mangrum vs. Ferrier-Middlecoff match today will go on to play Herman Kelsor of Akron, Ohio, and Johnny Palmer of Badin, N.C., in the semifinals.

In the other semifinals match, Ellsworth Vines, Los Angeles and Ed Furgol, Pontiac, Mich., oppose Dick Mez, Arkansas City, Kans., and Skip Alexander, Southern Pines, N.C.

Brawl Marks Seattle Puck Win Over New Westminster

A near-riot occurred at the close of the Seattle-New Westminster hockey game after Seattle won, 8 to 3.

Police had to halt spectators who surged toward the penalty box.

Objective of the Seattle fans was Jack Thomson, New Westminster defenceman, who had hit centre Walt Dorohoy with a stick. The gash on Dorohoy's chin required several stitches.

The Royals and the Seattle Ironmen met in the first game of the northern division playoff March 16.

The Portland Eagles beat the Vancouver Canucks, 8 to 1, with Pat Desbiens scoring three goals. This boosted his season total to 62, just two short of the northern division record and four short of the league record held by Buckley Buchanan of San Francisco.

The San Diego Skyhawks trimmed the San Francisco Shamrocks, 4 to 1.

V.H.S. Girls Win Cage Championship

Defeating Oak Bay High, 9 to 6, Victoria High School girls' basketball squad captured the Hockley Cup here Saturday. City girls turned in a good day's work, winning all five scheduled contests.

Oak Bay High was run-up, dropping only one contest.

Pat Mason, Jean Saffern and Helen Pettigrew were the pick of the champions, while Evelyn Slater and Doreen MacKay sparked Bays.

Other squads competing were Mount Douglas, Normal School, Mount View and Victoria College. Esquimalt High, St. Margaret's and Strathcona were unable to participate in the competition this year.

SOCCER MEETING

Lower Island Junior and Juvenile Football Association will hold a meeting at St. Louis College tomorrow night at 8. All team managers are asked to attend.

'Y' Lose To Alpine Dairy; Alcos Capture Island Title

Out-Of-Town Terrier Wins Top Awards At Kennel Club Show

"Kenmare Tallteann," a Kerry Blue terrier owned by Mrs. F. Yeigh McEachren of Caulfield, B.C., captured top honors in the diamond jubilee anniversary of the Victoria Kennel Club here at the Armories Saturday. The champion was awarded the best-in-the-show by both judges, William Fynn of the main show, and Arthur Wright in the Island Terrier Club specialty, held in conjunction with the Kennel Club show.

Winners of the various award groups follow:

Best sporting—Cocker spaniel Am. and Can. Ch. "Stockdale Security," owned by Mrs. R. R. Bailey, Portland.

Best hound—Dachshund "Ch. Kurt V. D. Daniels," owned by H. E. and Mrs. Fletcher, New Westminster.

Best toy—Pekingese "Int. Ch. Piers Red Sho-Dee of Fernay," owned by Gladys Creasey, Victoria.

Best working—Collie "Elmhill Envoy in Black," owned by Mr. and Mrs. H. E. Fletcher, New Westminster.

Best non-sporting—English bulldog "Taunton Grenadier," owned by Joan Ralston, Capilano.

Best brace—English cockers owned by Mrs. B. Davidson, Victoria.

Claire Lovett Only Western Winner In Badminton Tourney

TORONTO (CP)—Only the smooth, well-trained performance of Vancouver's Claire Lovett, winner of the ladies' singles event, prevented Toronto shuttlecock stars from making a clean sweep of the five-day Canadian badminton championship tournament which ended here Saturday.

John Samis, also of Vancouver, surrendered his men's singles championship in a closely fought 10-15, 15-9, 15-11 match to Toronto's Dick Birch, leaving Miss Lovett as the sole western representative on the 1948 championship list.

Miss Lovett clinched the ladies' singles title for a second consecutive year with a masterful 11-6, 11-5 victory over Marjorie Mapp of Toronto.

Samis drew cheers from packed galleries when, with the match tied at the end of the second set, he overcame Birch's 9-1 lead to tie the score 11-11 before his former Vancouver club-mate added the winning four points. Birch, who learned his badminton on Vancouver courts, lived in Montreal before coming to Toronto two years ago.

A second title came east when Miss Johnnie Marshall and Marion Armstrong defeated their Toronto clubmates, Joan Hennessy and Marjorie Mapp, 15-13, to replace Miss Lovett and Mrs. N. Maw of Vancouver as ladies' doubles champions.

Alpine Dairy, that veteran band of cagers from Seattle, still hold the Indian sign over local senior clubs. Alpine, who only a few days ago got knocked out of the P.I. tournament in Seattle, Saturday night checked in with a 45 to 31 victory over Archie McKinnon's Y.M.C.A. squad in the feature game of a triple bill. Hank Rowe's Alcos brought another island championship to Victoria by knocking off a weak Cumberland intermediate A squad, 78 to 28, in what was supposed to be the first game of a total-point series. However, the up-landers quickly defaulted the second game after seeing the class of the local cagers.

In the middle game on the program, Rom Knott's Brentwood Aces and Port Alberni senior B squads battled to a 43 to 43 tie in the first game of a total-point series for the island title.

Alpines jumped into an early lead in the feature match to go ahead 20 to 14 at the half. At one stage in the third period the dairymen were in front by 18 points, but the "Y" managed to cut down the margin as the game drew to a close.

Larry Booth, with 21 points, was the big gun for Alcos with Don Hall accounting for 17.

Brentwood trailed 25 to 17 at the half in the match with Port Alberni, but came through with a strong closing rally to tie the score. McCorkill did not play for the Aces, but will be in uniform for the second game of the series.

Teams and scores follow:
Alpines—Williamson 19, Jorgensen 8, Scott 8, Clements 7, Fillet 6, Werner, Davidson 4, O'Leary, Medhurst 3, Y.M.C.A.—Jackson 8, Clark 13, Dale, Wright, Goldsmith 4, Strath 4, Mason, Woodhouse 2, Taylor 2.
Alberni—Forrest 1, Coulthard 4, Buchanan 10, Taylor 4, Hudson 2, Watson 12, Carter, Patterson, Brentwood—H. Bennett 10, Turner 7, Huggert 6, Cruikshank 10, W. Bennett 8, North, Cumberland—Brown 4, Fridson, James 2, Homerville 4, Watson, Tannum 7, Panels 4, Mortimer 7, Pranshinski, Alcos—Clarkson 8, Ireland 8, Mills 12, Hall 17, Blach, Booth 20, Joyce 15.

PALM SPRINGS, Calif. (AP)—Jack Kramer beat Bobby Riggs, national professional tennis champion, 6-3, 8-6, before a crowd of 2,000 fans Sunday at the Palm Springs Tennis Club. The victory was Kramer's 28th to 16 for Riggs in their cross-country tourney.

List Hockey Scores

Games played in the Victoria and District Roller Hockey loop yesterday saw Foul Bay whip Jokers, 5 to 1, and Oak Bay edge Vic West, 1 to 0, in the senior circuit. In the juvenile loop, Oak Bay blanked South Park, 2 to 0, and Vic West and Rock Bay played to a 4 to 4 overtime draw.

Medical Care For Isolated Given At Outpost Hospitals

One of the oldest and most important projects of the Canadian Red Cross is its outpost hospitals which dot the remote sections of the Dominion from coast to coast. In British Columbia there are seven outpost hospitals in operation and five new ones under construction.

Two of the units are on Vancouver Island, one being at Nanaimo and the other at Kyuquot.

Purpose of the outposts is to provide medical service to the pioneer settlers who are continually pushing back Canada's northern frontier. During 1947 there were 413 persons hospitalized at the 71 outposts and 1,123 outpatients were given treatment.

As well as performing regular hospital duties the outpost nurses travel many miles on foot, on horseback, in sleighs and sometimes by boat to minister to the sick in their homes and to examine children at their schools. Although doctors are brought to perform operations and, whenever possible, to deliver infants, nurses must often rely on their own skill and resourcefulness.

The Red Cross is hoping to extend this service and is planning the construction of 100 new units to be completed within the next two years. The money re-

quired for this undertaking will come from the money subscribed to the current Red Cross campaign for \$3,000,000. Citizens of Greater Victoria are being asked to contribute \$40,000 to this drive.

Interior Members Speak On Tuesday

Four up-country members of the Legislature will participate in the debate on the Speech from the Throne in the Provincial Parliament Tuesday.

They are William J. Smith, Coalition, Atlin; J. H. Corsbie, C.C.F., Peace River; A. B. Ritchie, Coalition, Salmon Arm, and William H. Brett, C.C.F., Prince Rupert.

The Throne Speech debate will continue throughout this week.

The Legislative standing committees are expected to hold their organization meetings later this week, getting down to business the following week.

At 12.30 this morning Saanich Fire Department attended at the Island Greenhouse Co. Ltd., 744 Avenue, and put out a fire in the boiler room. The department was on the job until 3.50. Damage, partially covered by insurance, was confined to the boiler room.

Bruce Cash, Retired Game Warden, Dies

Bruce Southam Cash, 63, retired game warden and well-known member of the Vancouver Island Turkey Breeders' Association, died Sunday morning at Royal Jubilee Hospital, following a brief illness.

Born at Portage la Prairie, Man., Mr. Cash served in World War I with the Canadian Army. He joined the Provincial Police in 1932 and joined the Provincial Game Department, Victoria office, in 1933. He was a game warden with the department until his retirement in 1946.

Mr. Cash was prominent in the Pacific Coast Rangers during the last war.

Until his death, Mr. Cash was raising turkeys on his property at "Treetops," 920 Admirals Road. He leaves his widow, Gwen; one son, John Bruce of Vancouver; and three grandsons.

Archdeacon W. C. Western will conduct funeral services Tuesday afternoon at 1.30 at Sands Mortuary Ltd. chapel. Interment will be at St. Stephen's Church Cemetery, Saanich.

Members Of City Cage Team Hurt When Car Overturns

Members of the Victoria Canadian Legion midget basketball team were injured Saturday morning when the car they were riding in, driven by John Dalman, 18, 2350 Trent Street, overturned on the Island Highway five miles north of Duncan. They were returning from a basketball game Friday night at Port Alberni. Injured are in Duncan hospital.

Dalman and George Wollett, 624 Harbinger Avenue, suffered the most severe injuries. The former has a fractured right hand, the latter a possible broken collar bone and concussion.

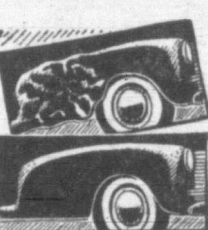

Miss Victoria Gardiner, 424 Linden Avenue, suffered a deep cut on the forehead. Other passengers were Ted Saunders, 496 Lampson Street, Bill Garner, 2801 Blackwood Street, and Gary Pynn, 1156 Balmoral Road. They suffered bruises and shock, according to Cpl. F. L. Jeeves of the Duncan detachment of the B.C. Police.

There are 10 vacancies available for the Y.M.C.A. ski trip to Forbidden Plateau, leaving the Y.M.C.A. Friday at 11.30. It was announced by program director Bob Morrison today.

Capt. E. D. W. Levien after his arrival in Victoria following World War I.

Capt. E. D. W. Levien, 56, who was in charge of the rehabilitation branch of the Department of Veterans' Affairs, Victoria district, collapsed and died in Emory Hospital, Saturday night at a banquet for visiting Australian rugby players. The above picture of Capt. Levien was taken on his arrival here after the First World War.

Capt. Levien, rated one of the greatest English forwards in international rugby, had attended the afternoon game between the Australian Wallabies and the Victoria's Crimson Tide. He had a slight attack at the game, and three doctors traveling with the Australians attended him.

He was just finishing his dinner when he felt an attack coming on. He left the table and made his way to the lobby where he collapsed and died.

Capt. Levien played rugby in Victoria on his arrival here from overseas after the First World War. He had coached Victoria teams and was chairman of the selection board for the Victoria Rugby Union both for the game with Australia's crack touring English rugby players Saturday and for this year's McKechnie Cup team.

Capt. Levien was a staunch supporter of the game throughout his life, and was a member of the Barbarians, famous Welsh rugby team.

Capt. Levien was a former master at Brentwood and Shawinigan Lake Schools. He served with the Imperial Army in the artillery in the First World War and was in charge of A.R.P. work in Saanich during the Second World War. He received the O.B.E. for his A.R.P. work.

Rev. E. M. Willis of Cobble Hill, a personal friend of Capt. Levien's, will conduct funeral services Wednesday afternoon at 3 at Hayward's B.C. Funeral Chapel. Interment will be at Royal Oak.

Fire Ladder Truck Crashes; Impounded

VANCOUVER (CP)—British Columbia's week-old financial responsibility law, making the province's 190,000 motorists liable in accidents causing death, injury or property damage, was put into full effect when city traffic officers Sunday night impounded a 30-year-old fire department ladder truck because it carried no accident insurance.

The impounding followed a four-vehicle traffic accident in which a fire wagon, with sirens screaming, sideswiped a streetcar and careened into a light delivery truck. The moving tram was derailed and struck the front of a southbound streetcar.

Six streetcar passengers and fireman Arnold Hurt, 25, suffered minor injuries. The ladder wagon was impounded when the driver failed to produce a "pink card," token of financial responsibility. It was the first civic vehicle to be seized under the new ruling.

Sometime between 8 and 8.30 Saturday night while Mrs. B. W. Anderson was upstairs in her 1754 Kings Road home someone entered the house and took two purses containing \$5 and personal papers, city police report.

I.O.O.F. lodges were host to a delegation of cribbage players from the F.O.E., K. of P. and Parliament Buildings. The high score for the evening was won by a team from the Parliament Buildings with 1,080.

Pays \$25 Fine For Fighting Policeman

Patrick Dowdall was found guilty on a charge of assaulting Constable Lorne Shandley while the officer was in the execution of his duty the night of Feb. 28 on Broughton Street and was fined \$25 by Magistrate H. C. Hall in city police court today.

Constable Shandley told the court he was on duty on Broughton near Broad Street when he cautioned three young men about the obscene language they were using. Shortly after this warning, he heard one of the trio say: "Let's take him."

The officer said he was not sure whether accused landed a blow or not "because there was such a whirl of action for about a minute." However, he was struck several times. One of the assaulters used a bottle as a weapon. They then ran away and when the bottle was thrown at me I succeeded in ducking that, too."

After this time the three broke up and ran in different directions. He caught up to accused while he was still running at Douglas and Broughton.

Ray Linden and Eric Coles said they saw the fight, but could not state who had hit the constable. Dowdall was the only one caught.

J. Balagno, Pioneer Businessman, Dies

Joseph Balagno, who organized the first band on Vancouver Island and was a pioneer figure in the musical life of Victoria and the Island, died Sunday morning, in his 88th year, at Lebanon Nursing Home, following a month's illness.

Born in Tonco, Italy, in 1860, Mr. Balagno came to the United States in 1887. A euphonium player, he was with one of the outstanding marine bands in the United States.

Robert Dunsmyth sent for Mr. Balagno to come to Vancouver Island in 1889 and organize a band, which consisted of 65 musicians. Mr. Balagno lived for a time at Nanaimo, Ladysmith and North Wellington, where he also formed and conducted a band.

Returning to Victoria in 1910, Mr. Balagno became proprietor of the Victoria Hotel, one of the city's leading hotels, which then occupied the site of the present McLennan, McFeely & Prior Ltd. store. He was proprietor of the Milano Importers until his retirement about two and a half years ago.

Mr. Balagno's interest in music was a life-long one, which he passed on to his family, teaching not only his children but also his grandchildren and nephews and nieces.

He conducted May 24th concert in Victoria before the turn of the century. He was well known in the city's early business as well as musical life and many times acted as interpreter in the courts.

Mr. Balagno's wife predeceased him 12 years ago.

Requiem High Mass will be sung at St. Andrew's Cathedral Wednesday morning at 9. Interment will be in the family plot at Ross Bay Cemetery.

Mayor Favors Tax If Municipalities Get Two-thirds

Mayor Percy George is in favor of a sales tax for B.C., "provided the municipalities receive at least two-thirds of collections."

He took this stand today when a delegation from the Vancouver Island Ratepayers' Association interviewed him prior to seeing Education Minister W. T. Straith on the subject of school taxation relief.

He told the delegation he felt a sales tax "is not highly desirable at this time," but said he would endorse it "provided it relieves the municipalities' burdens of taxation."

The mayor said a suggestion that the provincial government take two-thirds of a sales tax and give the municipalities one-third is "unthinkable."

"If we are willing to carry the load the government should play fair and give us two-thirds," he said.

The Union of B.C. Municipalities, in talks with the provincial cabinet, suggested a 2 per cent sales tax be imposed, with the municipalities receiving all of collections.

"If the government added another 1 per cent and kept that, I don't think we could complain," Mayor George said.

Delegation included: A. D. Clelland, Col. A. G. Lewis, George Wyndlow, Andrew T. Motherwell and Don Wilson.

National Association of Marine Engineers will meet in room 402, Union Building, tonight at 8.

Overwork Blamed For Suicide Of Prominent Author

BLOOMINGTON, Ind. (AP)—Funeral services will be held tomorrow afternoon for Ross Lockridge Jr., 33, author of the prize-winning novel "Raintree County," who died Saturday night of carbon monoxide poisoning in the garage at his home here.

Dr. Robert E. Lyons, county coroner, reported Lockridge had committed suicide.

The young author left no explanation of his action, which came on the crest of his success. "Raintree County," his first novel, was a Book-of-the-Month Club selection. It has been high on best-seller lists since publication. It won Metro Goldwyn-Mayer's \$125,000 novel award and is to be made into a motion picture.

Lockridge's father, Ross Lockridge Sr., said his son's seven years of work on the novel had resulted in a "complete breakdown." The body was found in his automobile in the lighted garage by his wife, Verneice. A brother-in-law, Harold Mumby, said Lockridge had appeared to be in good spirits Saturday afternoon. A statement from the Houghton Mifflin Company, publishers of "Raintree County," said recent correspondence from the young author was cheerful in tone and gave no hint of the tragedy.

A spokesman for the publishers said Lockridge had started a second novel about six months ago and had seemed to be "embarassed on a long and brilliant literary career."

"Raintree County" is a historical novel with a fictitious Indiana county as its setting. Its period is the latter half of the 19th century.

Most book publishers praised the book, but it was attacked as blasphemous by Rev. Alfred Barrett, Fordham University professor.

Strike-Bound Ship Moved To Vancouver

NEW WESTMINSTER (CP)—The strike-bound Harmac Victory, lacking steam to load at her Pacific coast terminal berth, will be towed to Vancouver today to make way for another incoming vessel. Dock regulations forbid a vessel, unable to load or discharge cargo, to occupy a berth.

Port authorities here said berths are being refused to other strike-bound Canadian vessels to make way for ships not affected by the engineers' and radio officers' union strike. A union spokesman said the Harmac will have no officers aboard for the tow and the union has formed no policy on towing operations.

First In Great Britain

Hypnotized for the birth of her baby, Mrs. Joyce Carter of Sutton, Surrey, is shown here with Linda Joyce, shortly after the baby was born. Dr. A. P. Magenot, a young Nova Scotian who has been practicing in England since 1939, told Mrs. Carter to go to sleep and her baby would be born when she awakened. It was the first case of its kind in the United Kingdom. For several years he has been developing the use of hypnotic power.

Charles H. Olmstead pleaded guilty through defence counsel Patrick J. Sinnott in city police court today to a charge of being in control of a car while intoxicated and was sentenced to seven days in jail by Magistrate H. C. Hall. Charge arose out of collision accused had with a light pole at Bay and Bridge Street Saturday evening. Mr. Sinnott told the court accused had had only one drink that day, but that he had been suffering from a bad bout with flu. Magistrate Hall suspended the defendant's license for six months.

Fined For Theft From Park Meter

Richard A. Laming was fined \$50, or in default, one month in jail, by Magistrate H. C. Hall in city police court today after being pronounced guilty on a charge of theft of \$2.49 from a city parking meter in the early morning hours of Jan. 31. The fine was paid.

"The magistrate said he was being lenient 'in spite of previous convictions and I hope this will be the last time you come before me.'"

Do you suffer distress from 'periodic' FEMALE WEAKNESS

With Its Nervous, Highstrung Feelings?

Are you troubled by distress of female functional monthly disturbances? Does it make you feel so nervous, cranky, restless, weak, a bit moody—at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! Women by the thousands have reported remarkable benefits.

Pinkham's Compound is what Doctors call a uterine sedative. It has a great soothing effect on one of woman's most important organs. Taken regularly—Pinkham's Compound helps build up resistance against such distress. It's also a great stomachic tonic! All druggists.

Change of Life

If the functional 'middle-age' period peculiar to women makes you suffer from hot flashes, weakness, nervousness, irritable feelings, or any such symptoms, it's time for this purpose.

Monthly Female Pains

Pinkham's Compound is very effective to relieve monthly cramps, headache, backache—when due to female functional monthly disturbances.

Lydia E. Pinkham's VEGETABLE COMPOUND

Woman Shot In Night Club; Husband Held By Police

DETROIT (AP) — Suburban River Rouge police arrested Homer Caldwell today several hours after his 26-year-old wife had been shot to death in a crowded nightclub.

The victim, red-haired Mrs. Lulu Caldwell, died in a hospital Sunday night shortly after an assailant had calmly fired three shots into her heart as she watched a floor show.

Her estranged husband, a 27-year-old steel worker, was arrested as he entered his rooming house this morning. He was held for questioning, with no charge placed against him.

Three comedians were performing before a crowd of about 100, witnesses said, when a short, unshaven man entered the establishment. He deliberately walked over to Mrs. Caldwell's table, pulled a revolver and began firing.

Mrs. Caldwell was shot in the chest. Claude Carbelie, 22, who was nearby, was wounded in the arm and leg.

Police said witnesses quoted the killer as saying before he fled: "She's my wife and they got what was coming to them."

Trade Crisis Biggest Yet, Says Bracken

KINGSTON, Ont. (CP)—John Bracken, national leader of the Progressive Conservative Party, told a week-end convention of the Progressive Conservative Student Federation he considered the federal Liberal administration the "chief culprit" in Canada's rising cost of living.

Addressing 150 young men and women representing students from most of Canada's universities and colleges, he said the government's monetary policies "have expanded credit faster than goods have been produced, with no other result than that prices have risen."

Mr. Bracken said he felt the government should take responsibility for the health of the national economy, but this should not mean "the government owning everything, running everything."

A resolution urging that Canada take part in "an immediate showdown" with Russia was among the 17 passed by the convention and sent on to party officials for possible inclusion in party policy.

The other recommendations ranged from higher living allowances for veterans attending universities to an arrangement to pay fines in instalments.

OUR BOARDING HOUSE

EGAD, OSCAR! YOU SAY YOU COMPILED A BATTING AVERAGE OF .881 LAST SEASON?—AN, BOY, YOU ARE PLACING A HEAVY STRAIN UPON MY IMAGINATION!—I BATTED .650 MYSELF AT YALE, Y'KNOW!

YALE? NEVER HEARD OF IT!—ALL I KNOW IS I GOT 108 HITS IN 130 TIMES TO BAT—78 OF 'EM WAS HOME RUNS!—I'D A-GOT MORE ONLY THE MANAGER TOLD ME TO LAY OFF ON ACCOUNT OF WE WAS LOSIN' TOO MANY BALLS!

RUN THAT RECORD OVER AGAIN SLOW—

OUT OUR WAY

OH, NOTHING VERY UNUSUAL—I JUST DON'T USE MY HEAD ENOUGH, IS ALL—I HUNG THE KITCHEN-STOOL IN THERE TO KEEP HIM FROM DOING TRICKS ON IT!

WHAT'S HE MADE IT INTO, A CAGE FOR A WILD PET OR SOMETHIN'?

WHY MOTHERS GET GRAY

AROUND HOME

DO YOU HAVE TO DRAG ALL THIS GUNK INTO THE HOUSE? WHY DON'T YOU PLAY OUTDOORS?

SHAME ON YOU, FREDDIE! I WANT EVERY MEMBER OF THIS FAMILY TO BRING THEIR FRIENDS INTO THIS HOUSE ANY TIME!

THAT'S WHAT A HOME IS FOR!

YOU'RE SURE THIS IS ALL RIGHT?

IT'S WHAT SHE SAID—AND SHE'S THE BOSS!

OSARK LIKE

SO IF IT AIN'T OKAY BY OPENIN' DAY, YOU CAN STILL PLAY OSARK... UNTIL THE OTHER CLUBS GET WISE!

BUT, SPIKE... WHY DOES AN ARMY SKELETON WANNABE KEEP MAH SORE ARM A SECRET?

MEANWHILE...

RIGHT, BOSS—I'M ON THE TRAIL OF SOME INFORMATION ABOUT OSARK LIKE THAT'S REALLY DYNAMITE!

WELL, YOU KNOW WHAT HAPPENS TO YOU LONA LAJOY, DON'T—

YES—YES, I KNOW... BUT I'LL BE READY WITH ALL THE LOW-DOWN ON OSARK AFTER THE BUGS' EXHIBITION GAME TOMORROW!!

VIC FLINT

HI, ROCKY, HOWSA KID?

WE'RE STILL PARTNERS, MERK, SO I COULD TELL YOU I'VE CHANGED MY PLANS FOR KIP. I'M GONNA LET HER MARRY THIS HASTINGS GUY.

HEY! WHAT'S HAPPENED? I THOUGHT YOU WERE HOPING SHE AND I WOULD CLICK.

WE'RE GONNA GIVE HIM A SURPRISE SATURDAY NIGHT, I'M GONNA MEET KIP AND HIM AT A BOWLING ALLEY AND WELCOME HIM INTO THE FAMILY. BE SEEN 'YOU.

I WAS, BUT SHE'S NOTS ABOUT THIS FELLOW AND I THINK MAYBE IT'S TIME SHE GOT AWAY FROM US RACKETEERS. IT'S NO LIFE FOR A DAME.

WEASEL? I'VE FIGURED OUT HOW WE CAN TAKE CARE OF ROCKY BEFORE HE FINDS THAT FORGED SIGNATURE—AND PIN THE BLAME ELSEWHERE.

MR AND MRS

WELL! WHAT ARE YOU LAUGHING AT?

OH—JUST SOMETHING—REMEMBER HOW OFTEN HE SAID YOU HAD A NEW DRESS—

OF COURSE AND YOU'VE ALWAYS BEEN WRONG.

BUT NO MORE. YOU CAN'T KID ME NOW. WHEN THE SKIRT IS LONG I KNOW IT'S A NEW DRESS.

SMART AREN'T YOU!

BOOTS

PERHAPS WE SHOULD STICK AROUND OUTSIDE FOR A FEW MINUTES, ROD—

WHY?

JUST IN CASE PUG SHOULD NEED ANY HELP!

OHAY, IF YOU SAY SO!

WELL, AFTER ALL, THERE ARE ALREADY THREE BABIES INSIDE TO LOOK AFTER—AND SHE IS RATHER YOUNG!

YES!

SH-HH! DON'T LET THEM SEE US—HERE COME JEEP AND BERTIE WITH ANOTHER CUSTOMER!

FRECKLES

ANOTHER ONE FOR KINGSTON! WHAT'S WRONG WITH BEN?

TAKE HIM OUT! HEY, SHADY-SIDE, YOUR GIRAFFES A LAUGH!

WHY DON'T CHA GIVE UP? YOU AND YOUR SNEEZY SHAKES—PEARS!

THAT DOES IT! YOU'VE GONE TOO FAR!—YOU'LL HAVE TO TAKE THE CONSEQUENCES!

SO THERE!

WHAT A SHOT!

YEAH, BUT IN THE WRONG BASKET!!

ALLEY OOP

OKAY, GENE, YOU'VE NO CHOICE OTHER THAN TO GRANT ME THREE MORE ABUSIVELY!

VERY WELL, SAHIB, BUT HERE'S WITH MY SERVING NOTICE THAT WITH THE GRANTING OF THE THIRD WISH YOUR CRUEL LIFE SHALL END ABRUPTLY!

I SHALL CONTRIVE IT!

AW, DRY UP AN' BLOW PUNK—I'VE GOT TO GO SEE A GUY!

UP ON CARPET, FLY HI-HO! TO THE RAJA'S PALACE IN HASTE I WOULD GO!

I DON'T KNOW EXACTLY WHAT HAPPENED BUT OSCAR BOOM SEEMS TO HAVE GOT THE BETTER OF THE GENE!

AND NOW IF I'M ANY JUDGE, HE'S ON HIS WAY TO GIVE RAJAH ALLEY OOP A ROUGH TIME, TOO!

You'll be proud to say—

"OUR SON'S IN THE NAVY"

But along with your pride you'll have the comfort of knowing that your lad is enjoying a healthy, active and useful life.

You'll know that he has a steady job with ample opportunity for advancement . . . that he is getting all the medical and dental care that he needs . . . and that after his service he'll get a generous pension for the rest of his life.

You'll be proud, too, of the work your son does in the Navy. He'll gain experience and training that will always be valuable. There are opportunities for promotion and higher pay. There are specialized trades as well.

Your son's career in the Navy will be educational as well as exciting. He'll travel to foreign lands in trim new ships with modern equipment. He'll get plenty of sports and outdoor life . . . and generous leave with pay.

But wherever your boy goes with the Royal Canadian Navy, both you and he will have the satisfaction of knowing that he is serving his country well . . . that he is doing a man's job in a world-famous uniform.

the period but its spirit are caught in the romantic story of the Waltz King's life and loves.

ODEON THEATRE

John Garfield who portrays a boxer in Enterprise Studios "Body and Soul," now showing at the Odeon Theatre, reviewed 50,000 feet of Dempsey-Carpentier fight film.

Where To Go Tonight

ATLAS—"The Gay Ghost of Mrs. Muir," starring Gene Trefney.

CAPITOL—"The Great Waltz," starring Miliza Korjus.

DOMINION—"Always Together," starring Joyce Reynolds.

OAK BAY—"Mother Wore Tights," starring Betty Grable.

ODEON—"Body and Soul," with John Garfield.

PLAZA—"The Gangster," starring Barry Sullivan.

RIO—"Suspense," starring Belita and Barry Sullivan.

ROYAL—"Captain from Castile," starring Tyrone Power.

YORK—"It Happened On 5th Avenue," starring Gale Storm.

'Belita' Ice Star In Drama At Rio

Belita, who made her screen debut in Monogram's "Silver Skates," comes to the Rio Theatre today in her third and latest film, "Suspense." This is Monogram's first million-dollar production and, though it reveals Belita in three daring skating spectacles, the picture is described as a gripping psychological mystery drama. Philip Yordan, who wrote the original screenplay of "Dillinger," is credited with the original screenplay.

Television's Impact On Movies Studied In Hollywood Circles

By BOB THOMAS HOLLYWOOD (AP) — Does television present a danger to the movies?

This question is being debated over tea cups and beer mugs in Hollywood these days. To get some divergent views on the subject, I have called another session of the A.P. Hollywood forum. The meeting will please come to order.

Humphrey Bogart: Television presents no more danger to movies than did radio. They won't be able to present daily serials because actors can't memorize a new play each day. Television is good for sport, but not everybody likes sports.

Director John Huston: The only thing that will hurt movies is bad pictures. The only thing that will help movies is good pictures.

ONLY AN INFANT

Lois Andrews (who has a television show on KTLA): Television is only an infant now, but before long it will be a giant. I believe the film industry chiefs realize this and will protect themselves by entering the television field. If they don't—television will murder them.

Edward Arnold: It presents the same danger that movies presented to the legitimate stage. There's one thing to consider, though—what will happen when housewives no longer just listen to soap operas, but sit down and look at them, too. How will the housework get done?

NO CAUSE FOR WORRY

Wayne Morris: I don't think there's any worry. Pictures could be done on television the way Alfred Hitchcock filmed "Rope," all in one take. But who is going to pay for such an expensive production?

Red Skelton: It might slow down pictures for awhile, but it won't bring any disaster. People will still want to go to theatres, even if they can have a full-length feature in their homes. They like to dress up and step out, particularly those who don't drink, don't dance and don't go to night clubs.

Writer-Director Claude Binyon: Television is too technically imperfect to present any danger now. It has not found the secret of entertainment values.

If an obstruction touches the ball or interferes with a player's swing the ball now may be dropped within two club-lengths of the point of the obstruction nearest where it originally lay.

In other words, a player now may avoid interference only to make a swing. He doesn't necessarily get a clear shot to the hole.

"Laxness in observance of rules has reached such a state in some quarters that we feel the essential nature of the game is threatened," said Wallace in a letter to clubs and associations.

Chief among the amendments, most of which go into effect immediately, is one tightening the rule governing artificial obstructions.

U.S.G.A. president Fielding Wallace urged member clubs to "permit their courses to be used only for competitions in which the established rules are to govern."

U.S.G.A. president Fielding Wallace urged member clubs to "permit their courses to be used only for competitions in which the established rules are to govern."

U.S.G.A. president Fielding Wallace urged member clubs to "permit their courses to be used only for competitions in which the established rules are to govern."

BRUSHING UP FOR ELECTION DAY—Members of Rome's mounted police force charge stuffed dummies as they brush up on sabre drill—in preparation for the Italian national election day. Anticipating trouble from Communists, police will use such tactics to disperse trouble-making crowds. They'll wield long rubber nightsticks instead of sabres.

Flyers Place Second In Paris Tournament

PARIS (R.A.P.)—R.C.A.F. Flyers, Canada's Olympic hockey champions, defeated the powerful Racing Club of Paris, 5 to 3, in the final match of the Jean Potin Cup 'round-robin' tournament Saturday night, but finished second in the team standing.

Both clubs finished the series with two wins and a loss, but the Paris team, which includes a number of Canadians on its line-up, boasted the better goal average with 16 tallies and eight scored against them to Canada's 14 to 9 record.

New Rules Announced By Golf Association

NEW YORK (AP)—The United States Golf Association, calling recent squabbles over links rules a threat to the game, Saturday revamped its playing code for the second time in two years.

U.S.G.A. president Fielding Wallace urged member clubs to "permit their courses to be used only for competitions in which the established rules are to govern."

'The Gangster' Opens At Plaza

"A basic human selfishness and ruthlessness is what makes gangster pictures popular," is the belief of Barry Sullivan, who portrays the title role in "The Gangster," King Bros. million-dollar Allied Artists production now playing at the Plaza Theatre. Co-starred with Sullivan are Belita and Joan Loring.

Sullivan, a student of psychology and of the motives which make human beings "tick," asserts that after 5,000 years of "civilization" the human race has not forgotten the standards of the jungle.

DOMINION THEATRE

Two of Warner Bros.' brightest stars, Janis Paige and Jack Carson, appear in a film-within-a-film in "Always Together," starring Robert Hutton and Joyce Reynolds, currently at the Dominion Theatre.

ROYAL THEATRE

Jean Peters plays "Catana," Tyrone Power's sweetheart, in the Darryl F. Zanuck Technicolor screen presentation of "Captain from Castile," which is now at the Royal Theatre.

YORK THEATRE

Charles Ruggles appears in "It Happened On 5th Avenue," a gay comedy now playing at the York Theatre, with Don DeFore, Ann Harding, Victor Moore and Gale Storm.

2 Persons Injured In City Accidents

A fractured left wrist and head lacerations were suffered by Robert Olmstead, 2664 Prior Street, 13-year-old son of Mr. and Mrs. Charles H. Olmstead, Saturday afternoon when the car, shown above, driven by the father, collided with a power pole on Bay Street Saturday afternoon. Also a passenger was son Allan, aged 15 years.

Picture shows damage after two cars had collided at Linden Avenue and Oxford Street Saturday morning. John Fawcett, 555 Harbinger Street, driver of the small car, suffered shock and undetermined head injuries. He is still in Jubilee Hospital. Miss Margaret Harris, 1204 Faithful Street, was the driver of the other car. She only suffered from shock.

2 Mounted Policemen Injured By Mob On Quebec Indian Reserve

MONTREAL (CP)—Two Royal Canadian Mounted Police officers were injured, one severely, Saturday night when they were attacked by a mob of about 100 Indians as they tried to arrest two of them who were under the influence of liquor at the Caughnawaga Indian Reserve, across the St. Lawrence River from Montreal.

Their police cruiser was wrecked while a restaurant where the riot broke out was damaged extensively before squads of R.C.M.P. and Provincial Police reserves broke through road blocks set by the Indians at the entrance to the reserve, 10 miles from Montreal.

PATIENT IN HOSPITAL

R. Morin, six-foot-four inch constable of the Montreal division of the R.C.M.P., was taken to St. Joseph's Hospital in Lachine with severe head injuries while his companion, Constable J. Dupras, was treated for contusions and lacerations.

Inspector J. R. Lemieux, head of the Montreal sub-division of the R.C.M.P., said that Dupras and Morin, who are attached to the Caughnawaga detachment, were patrolling the reserve Saturday night when they spotted two Indians who seemed under the influence of liquor, in front of Stacey's restaurant.

The Indians resisted arrest and a mob of about 100 Indians gathered around the Mounties, who were trying to bring their prisoners to the police car.

Then the riot broke out and the mob attacked the Mounties with bottles, chairs, rocks, and their car was overturned and wrecked. Dupras and Morin were pushed into the restaurant, where they were the target of more projectiles.

When Morin fell on the floor, the Indians pushed a heavy counter over him. Finally, the two officers made their way to the police station, from where they called R.C.M.P. headquarters.

BARRIERS IN TUNNEL

Inspector Lemieux and Capt. Norbert Labbe of the Provincial Police called all available reserves, but when they arrived at Caughnawaga they found all kinds of obstructions in the tunnel which leads to the reserve.

The police cleared the road

Baseball Training Notes

NEW YORK (AP)—Harry Walker admits there aren't many dollars between him and another year with Philadelphia Phils. But for the present the 1947 National League batting king is staying at his Leeds, Ala., home.

Phil president, Bob Carpenter, said recently he had given Walker his final offer on a take-it-or-leave-it basis.

Manager Johnny Neun of Cincinnati Reds today picked Ewell Blackwell, his biggest winner last season, and rookie Howard Fox to pitch against Detroit Sunday. The game will be the first practice encounter for the Reds. Fox won 19 and lost nine for Syracuse last year while compiling a 2.68 earned run average.

20-GAME WINNERS

Boston Braves could have six game winners this year if the "ifs" among the pitching staff all come through. Johnny Beasley,

Bill Voiselle, Johnny Sain, Warren Spahn, Ernie White and Charlie Barrett are all 20-game winners of other seasons. The "ifs" are these: Beasley, Voiselle and White must recover from operations, and Sain must come to terms. Spahn and Sain were the only ones to win 20 or more in 1947.

ST. PETERSBURG, Fla. (AP)—St. Louis Cardinals hold-out situation appeared almost at an end today. Harry Brecheen is en route to talk terms and Stan Musial has a meeting scheduled today with club president Bob Hannegan. Rookie pitcher Ray Yochim is the only other Redbird not signed.

BERRA TO CATCH

Manager Bucky Harris of the New York Yankees is figuring on Yogi Berra as his No. 1 catcher this year in spite of the rookie's miserable showing in the world series. "Berra got a num-

ber of bad breaks in that series," Harris said at St. Petersburg, Fla.

Pile Sufferers

I can help most pile sufferers. I believe I can help you too if you want relief from the itching soreness and burning pain of piles.

My Hem-Roid formula is different. Hem-Roid is an internal treatment, a small tablet taken with a glass of water. It helps relieve some of the conditions inside your body that cause you such intense pile soreness and pain.

But I'll be honest with you—there are some cases where Hem-Roid does not seem to help very much. I refuse to ask people to pay for something that does not help them. If Hem-Roid helps YOU surely it is worth the small cost. If it does not help you I want you to have your money back. I will take your word. I find people are honest about such things.

Simply go to any drug store and get a package of Hem-Roid. Use it as directed for 10 days. Then if you are not satisfied return what you did not use and get your money back. This is an unusual offer but Hem-Roid has been sold on a refund promise for over 40 years. I am not asked to make many refunds so Hem-Roid must help most people who use it.

Try Hem-Roid now. It won't cost you a penny if it does not help you.

Boots And Her Hair-Dos

Boots has a new hair-do! For 24 years the heroine of the NEA Service and the Victoria Daily Times comic strip, "Boots and Her Buddies" has set the pace in styles from head to foot. You may remember her flapper-era "ear puffs," the famous "Boots bob" that all the girls copied in the 20's, or the windblown bob that characterized her years as an aviatrix and adventurer. Boots wore the "sub-deb" style to the Yale Prom in 1939, and later cut her hair short in upswept fashion. For reactions to her new hair-do, turn to "Boots and Her Buddies" on the comic page.

Declines On Chilly Market

NEW YORK (AP)—A sharp break in major commodities put a chill on today's stock market.

While selling was relatively slack throughout, and assorted leaders managed to make a little headway, declines of fractions to a point or so predominated near the close.

Canadian issues were inactive. Canadian Pacific and Dome Mines each 1/4. Distillers Seagrams was unchanged.

Dow Jones closing averages:
30 Industrials 167.71, off 1.23
20 rails 49.48, off 0.20
15 utilities 31.90, off 0.05
65 stocks 60.82, off 0.34
Total sales 740,000.
